A MESSAGE FROM THE DEAN

The School of Continuing Studies exists to serve the continuing education needs of local, regional, national and international communities by providing exemplary educational opportunities for non-traditional students through degree, certificate and non-credit programs. It is also one of the academic units that make up the University of Richmond and, as such, it strives to meet the highest academic standards possible. In short, our mission is to enrich lives and careers. We do so by offering quality programs and services in ways that recognize the unique circumstances of adults.

To achieve our mission, our faculty combine substantial practical experience with excellent teaching skills. We offer them opportunities to enhance their respective abilities through an active development program. In terms of our curriculum, we seek substantial input from those employing our students and from our students themselves in an effort to be current and to offer education and training of immediate benefit. And we offer the full range of services required by busy adults trying to juggle their studies with work, family and other demands.

The University of Richmond experience is special and unique regardless of your age or any other characteristic, and the faculty and staff of the School of Continuing Studies remain committed to keeping it so.

Passover (concluding days)	Apr. 15-16, Wed.-Thur., 2009
Shavuot	May 29, Fri., 2009

- Jewish holy days, religious festivals, and the weekly Sabbath begin at sunset. On these days, observant Jews do not engage in daily activities or fulfill routine commitments.
- Many Jews who do not observe all holy days prefer to celebrate at their synagogue or at home on Rosh Hashanah, Yom Kippur, and the first two evenings of Passover.

** *This holiday does not require absence from routine commitments.*

Islamic Holidays 2008-2009

Eid-al-Fitr	Oct. 1, Sat., 2008
Eid-al-Adha	Dec. 8, Mon., 2008
Islamic New Year	Dec. 29, Mon., 2008

- All Islamic dates begin at sunset the preceding evening.
- The Islamic year is based on the lunar cycle, consisting of twelve months of 29 or 30 days each, totaling 353 or 354 days. Each new month begins at the sighting of a new moon. Actual dates may differ by a day or two from the above dates. In many places, the moon sighting is often determined in advance by astronomical calculations.

UNIVERSITY OF RICHMOND

MISSION STATEMENT

The mission of the University of Richmond is to sustain a collaborative learning and research community that supports the personal development of its members and the creation of new knowledge. A Richmond education prepares students to live lives of purpose, thoughtful inquiry, and responsible leadership in a global and pluralistic society.

Approved March 15, 2005 by the Board of Trustees.

NOTE: The University Mission Statement replaces the Statement of Purpose adopted for the previous SACS review in 1997.

ORGANIZATION AND ACCREDITATION

Five academic schools and two residential colleges are incorporated to form the University of Richmond with authority and responsibility vested legally in the Board of Trustees and the President of the University. The several colleges and schools award no degrees individually, but all degrees for work done in any one of them are conferred by the University of Richmond.

The University enrolls approximately 2,900 full-time undergraduates, 93% of whom live on campus; some 500 full-time law and graduate students; and 1,300 part-time students, largely from Richmond and the surrounding community.

The University of Richmond is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award associate, baccalaureate, masters, and juris doctor degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of the University of Richmond. The University also is certified by the Virginia State Board of Education to offer teacher licensure programs. The chemistry program is accredited by the American Chemical Society. In addition, the Robins School of Business is accredited by the Association to Advance Collegiate Schools of Business International at the undergraduate and graduate levels, and the T.C. Williams School of Law is accredited by the American Bar Association.

ENVIRONMENT AND HISTORY

The campus consists of some 50 major buildings of impressive Collegiate Gothic architectural style set amid 350 acres of lawns, a lake and woodlands. Richmond is in a setting of beauty and harmony suggesting an able future as a seminary, later becoming a continuation of the deep roots of its past. Indeed, Richmond's history began almost two centuries ago with Richmond College, founded in 1830 by Virginia Baptists as a college of liberal arts and sciences for men. Around this nucleus were established The T.C. Williams School of Law (1870); Westhampton College, a college of liberal arts and sciences for women (1914); the Graduate School of Arts and Sciences, for advanced study in the liberal arts and sciences (1921); the E.

Claiborne Robins School of Business, for undergraduate and graduate study in business (1949); University College, for evening, summer and continuing education (1962), now called the School of Continuing Studies; and the Jepson School of Leadership Studies, the first school of leadership studies in the United States (1989). In 1990, the academic missions of Richmond College and Westhampton College were combined in a separate school, the School of Arts and Sciences.

Richmond College and Westhampton College are the residential colleges for men and women respectively, providing special programming and leadership opportunities in student life.

Richmond benefits from a heritage of ethical and religious values, a residential character and a commitment to liberal and general education through intimate schools and colleges joined into a substantial whole.

INFORMATION SERVICES—LIBRARY AND COMPUTING SERVICES

Library Resources

The University's libraries are the center of intellectual activities outside the classroom. Boatwright Memorial Library, facing Westhampton Lake, is the main library. It is home to the Business Information Center, the Media Resource Center and the Science Information Center. The Parsons Music Library is in the Modlin Center for the Arts. The Law Library in the T.C. Williams School of

Law serves the special needs of law students and faculty. The libraries' collections have been developed to meet the needs of students and faculty. Those collections consist of more than 475,000 volumes, access to more than 50,000 print and online journals, 46,000 electronic books, more than 200 online databases and a wealth of resources in media such as sheet music, DVD, audio CD, microfilm and audiobooks. Since 1900 the University of Richmond has enjoyed status as a depository for U.S.

Government publications. Boatwright Memorial Library holds more than 500,000 government documents in print and microform and provides electronic access to thousands more. The Galvin Rare Book room contains nearly 25,000 rare books, first editions, maps, photographs and manuscripts. The online catalog (<http://library.richmond.edu>) provides access to the collections through the Internet.

The libraries participate in local and state consortia as well as national networks to obtain access to databases and to borrow items not held in the University's collections.

The libraries offer group and individual instruction in using these resources effectively. Group instruction is offered in the Boatwright Computer Classroom and other locations. Individual assistance is available in person and online through various means as described at http://library.richmond.edu/help/ask_lib/index.htm.

Boatwright Library is open to students 24/7 when classes are in session. Boatwright Memorial Library offers a mix of study space suitable for individuals working alone or in groups, as well as AV viewing/listening carrels and rooms and more than 100 computer workstations. Laptop computers are loaned for in-building use and connect to the University's wireless network. The library provides a guide to online information resources for students at <http://oncampus.richmond.edu/academics/scs/library/>. These are available to all students but are especially useful to students enrolled in distance education programs.

A separate wing of Boatwright Memorial Library houses the Virginia Baptist Historical Society, a memorial to the Virginia Baptists who struggled to secure religious liberty in America. The library holds thousands of books, church records, manuscripts and personal papers related to Virginia Baptist history and heritage. The Society also manages the University's archives, a large collection of books, photos and memorabilia related to the University's

rich history. The libraries are open to the entire campus community.

Computing Facilities

The University of Richmond is committed to preparing students to work successfully in technology- and information-centered environments. The Information Services division supports a teaching and learning environment that provides rich technology and information resources for students, faculty and staff. Computer labs and classrooms with a total of over 900 computers are spread across the campus and contain a wide variety of equipment and software. These systems can be accessed in Boatwright Memorial Library and in general purpose and discipline-specific computing spaces. Some residence halls are also equipped with public computers in study lounges.

In addition to the general purpose labs, many academic departments have computer labs designed to meet the special learning and research needs of their students. These include Art and Art History, the Business School, Chemistry, Classical Studies, Education, Journalism, the Law School, Modern Languages and Literature, Music, Physics, Psychology, the School of Leadership Studies and Theatre and Dance. For more information regarding the discipline-specific computer labs and their hours of operation, please refer to the Information Services web page.

The ground floor of Jepson Hall houses many computing services. This includes the Computer Help Desk, a resource that provides assistance with computing-related issues for the entire campus. The facilities in Jepson Hall include a public computer lab with a total of 30 workstations; five PC classrooms with full multimedia capabilities; and two computer classrooms running Windows and Linux operating systems designated for use by the math and computer science department. When classes are not in session, the Jepson Hall computer equipped classrooms are open for student use.

The normal operating hours for the Jepson Hall computing facilities during the Fall and Spring semesters are Monday-Thursday, 8:00 am - 1:00 am; Friday, 8:00 am - 5:00 pm; Saturday 11:00 am - 6:00 pm and Sunday 11:00 am - 1:00 am. These schedules change for holidays, exams and summer sessions. A listing of the current hours of operation may be found on the Information Services web page.

The Technology Learning Center (TLC) is a unique resource located on the third floor of

Boatwright Memorial Library. It is devoted to servicing the multimedia needs of students, faculty and staff. This area offers PC and Mac workstations equipped with high-end web development, multimedia, animation, 3-D modeling and audio-video recording and editing software. Scanners, high quality printers, large-format plotters, digitizers and digital video and still cameras are also available. In addition, the TLC contains a photography studio and a small recording studio. Most importantly, the TLC is staffed by professionals and well-trained student assistants. Students not only have access to the hardware and software, but also to experts who can help them use the specialized tools effectively.

The University maintains a robust network infrastructure. A wireless network supports mobile computing in every building on campus and provides coverage in most outdoor locations and public gathering spaces. Information Services keeps University-owned systems loaded with up-to-date versions of the latest software tools and anti-virus software. All users must have an active University computer account to log into any lab machine. To help ensure the security of our systems and network, passwords must be changed each semester in order to maintain an active account. Please refer to the Policies for Responsible Computing posted on the Information Services web page for guidelines regarding the use of University-provided technology resources.

CURRICULUM MATERIALS AND TECHNOLOGIES CENTER

The Curriculum Materials and Technologies Center (CMC) supports the University of Richmond students and faculty of the Education Department and School of Continuing Studies Teacher Licensure Preparation program by providing an assortment of print materials and instructional technologies for exploration, use and evaluation. As an environment designed for individual and small group curriculum development, study, reading and collaboration, it plays an innovative and integral role in the educational process of pre-service educators.

The CMC is located on the first floor of North Court, Room 104, in the Education Department at the University of Richmond. Call (804) 289-8433 or see additional information online at <http://education.richmond.edu/cmc>.

UNIVERSITY POLICE

The University of Richmond University Police Department, a nationally accredited police department, is committed to providing a safe and secure

environment for our students, faculty, staff and visitors. The University of Richmond Police Department provides 24-hour uniformed response to calls for service, provides routine and directed patrol activities, performs vehicular crash investigation and performs the investigation of criminal offenses. Additionally, all police officers are Red Cross First Responder/CPR certified. Uniformed security officers also assist with building security and other calls for service as needed. All crimes that occur on the campus should be reported to the University Police in person or by calling 911, 289-8911 or 289-8715. More information about the police department, including crime statistics, can be found online at <http://oncampus.richmond.edu/administration/police/>.

Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act

University of Richmond is committed to assisting all members of the university community in providing for their own safety and security. The annual security compliance document is available on the University of Richmond website at <http://www.richmond.edu/administration/police>.

If you would like to receive a copy of the security report which contains this information, you can stop by the University Police Department at Special Programs Building, #31 UR Drive, University of Richmond, VA 23173 or you can request that a copy be mailed to you by calling (804) 289-8722.

The website and security report contain information regarding campus security and personal safety including topics such as: crime prevention policies, disciplinary procedures and other matters of importance related to security on campus. They also contain information about crime statistics for the three previous calendar years concerning reported crimes that occurred on campus, in certain off-campus buildings or property owned or controlled by University of Richmond and on public property within or immediately adjacent to and accessible from the campus.

This information is required by law and is provided by the University of Richmond Police Department.

Parking Services

The Parking and Traffic regulations of the University of Richmond are designed to best maintain an orderly flow of traffic on campus and to best utilize the existing parking facilities. To accomplish these goals it is necessary for all motor vehicles, including motorcycles, golf carts and mopeds,

owned or operated by faculty, staff or students to be registered with Parking Services on an annual basis. All vehicles registered and operated on campus must be properly licensed and inspected for mechanical condition in accordance with the laws of the state in which the vehicle is registered for operation. All persons operating a vehicle on University grounds must possess a valid operator's license.

Rules and regulations and vehicle registration information can be found at the Parking Services website <http://richmond.edu/administration/police/parking>.

Parking lots are lighted and patrolled by the University Police Department.

ARTS AND CULTURAL EVENTS

The Modlin Center for the Arts presents more than 35 world class performing arts events as part of the Modlin *Great Performances Series*, four main-stage production presented by the University Players and Dancers and another 22 music performances as part of the Department of Music's annual free concert series. Located throughout the campus, University Museums presents more than 20 exhibitions of national and international art and artifacts as well as student work. In addition to art events, The Jepson School, the Will program and many academic departments sponsor lecture series.

ADMISSIONS

The School of Continuing Studies (SCS) offers courses and programs for credit and noncredit, weekends, day and evening, in the summer and regular school year. The major divisions of the School of Continuing Studies are the Evening School, the Summer School, and the Office of Community and Professional Education.

Through the Evening School, the School of Continuing Studies offers master, bachelor, and associate degree programs; undergraduate and graduate certificate programs and a variety of individual courses to meet the educational, professional and personal growth needs of adults in the Metropolitan Richmond area and beyond. The School of Continuing Studies shares in the tradition of the University of Richmond. It is through the non-traditional educational opportunities of the school that the University offers its strengths and resources to the Richmond area community and beyond.

The origin of the School of Continuing Studies may be traced back to 1920 when the department of economics of Richmond College was formed, eventually to become the department of economics and applied economics. In 1924 the Evening School of Business Administration was organized as a separate division of the University of Richmond. In 1949 the department of economics and applied economics in Richmond College was combined with the Evening School of Business Administration with both day and evening classes. In 1962 the Evening Division was separated from the School of Business Administration to form the nucleus of University College. From 1964 until 1974, University College offered a full-time freshman and sophomore day liberal arts program in addition to its full Evening School program.

On July 1, 1974, the Summer School, founded in 1920, became part of University College. In keeping with the University's tradition of residential colleges and academic schools, University College became the School of Continuing Studies in October 1994.

ACCEPTANCE POLICY

The acceptance of a student for admission into the School of Continuing Studies as a degree-seeking student (master, bachelor, associate, certificate, and graduate certificate) remains in effect for a

period of 12 months from the date of official notification by letter. If a student fails to register for classes within that time frame, he or she must reapply for admission and may be required to resubmit supporting documentation.

ENGLISH PROFICIENCY

Students whose native language is not English, or whose collegiate level or secondary level instruction was not in English, must also earn a score of at least 550 on the paper-based, 213 on the computer-based or 80 on the internet-based Test of English as a Foreign Language (TOEFL) before admission to and/or enrollment in the University of Richmond School of Continuing Studies. The University may require additional evaluation for language proficiency through testing or individual interviews for students with TOEFL scores near the minimum score. Information on the TOEFL may be obtained from the Educational Testing Service, Princeton, New Jersey 08541 or <http://www.toefl.org>. The TOEFL score must be no more than five years old at the time of application.

PAST SEXUAL OFFENSE CONVICTION

As of July 1, 2006, Virginia law requires all public and private two-and-four-year institutions of higher education to electronically transmit information about applicants accepted for enrollment at each institution to the State Police for comparison to the Virginia Criminal Information Network and National Crime Information Center Convicted Sexual Offender Registry. If the University is notified that an admitted student has committed a sex offense, the admitted student is subject to the admission being revoked.

ADMISSION TO UNDERGRADUATE PROGRAMS

Students seeking admission to an undergraduate certificate, associate degree or bachelor degree program in the Evening School must show evidence of high school graduation by submission of transcripts or the General Education Development (GED) equivalency (only for students who have not previously attempted college work); must have

earned a cumulative 2.0 grade point average on all previously attempted college work; must submit transcripts from each and every college or university previously attended; and complete the New Student Information Form (undergraduate application).

Note: A student who is not eligible to return to another college or university may not attend any Evening School program, even with unclassified status, until a minimum of one semester has elapsed. Official transcripts from all institutions previously attended by such a student must be filed in the Office of the Dean.

Undergraduate Admission Process

The School of Continuing Studies has open registration. You do not have to be accepted into a program to take a class. However, if you wish to pursue a certificate, associate, or bachelor's degree, you need to:

- File the New Student Information Form (undergraduate application) with the School of Continuing Studies.
- Have official transcripts from all colleges and/or universities forwarded directly to the SCS.
- Have your high school or GED transcript forwarded directly to the SCS (only required if you do not have previous college work).
- Please use the transcript request form when ordering official copies of your college and/or high school transcripts.
- Have official TOEFEL scores sent (when applicable).

Please Take Note

- You may take classes while awaiting your transcripts.
- A transcript from each school you attended will be required before you can be admitted into a program. (It is recommended that you contact the school/s in advance to determine the fee, if any, for this service.)
- Your application will be processed when all transcripts are received, and you will be contacted by mail at that time.
- Students applying to the Certificate in Information Systems or Paralegal Studies programs must have already earned a bachelor's degree from a regionally accredited college or university.

Academic Amnesty

The Academic Amnesty Policy is applicable for

students seeking admission or readmission to the School of Continuing Studies as an undergraduate degree candidate. Under the Academic Amnesty Policy, eligible students may, on a one-time basis, petition the School of Continuing Studies to disregard previously earned grades of D and/or F for the purpose of admission to the School of Continuing Studies as an undergraduate degree candidate.

Conditions for academic amnesty are:

- A grade point average of less than 2.0 in previous academic performance;
- Non-enrollment as a full-time student in the past five years;
- A minimum grade of C in each class in the first 12 semester hours of course work in the School of Continuing Studies. Certain course requirements may apply.

Failure to meet course and/or grade requirements will terminate eligibility for academic amnesty and require the student to achieve a cumulative grade point average of 2.0 to be considered for admission to a degree program.

All grades previously earned at the University of Richmond will remain on the student's permanent academic record and will be included in the computation for graduation honors. If academic amnesty is granted, a statement to that effect will appear on the former University of Richmond student's permanent academic record.

Students admitted under the Academic Amnesty Policy are not eligible to apply for financial aid until the conditions have been met and they are officially admitted to a degree program.

ADMISSION TO GRADUATE PROGRAMS

Graduate Admission Process

If you wish apply to a graduate certificate or a master's degree, you need to:

- File a Graduate Application with the School of Continuing Studies and submit the non-refundable \$50 graduate application fee if applying to a master's degree program.
- Have official transcripts from all colleges and/or universities where college work was attempted forwarded directly to the SCS.
- Have official TOEFEL scores sent (when applicable).

Official documents verifying college and university work and test scores must be sent from the institution or agency responsible for the informa-

tion directly to the School of Continuing Studies.
The address for all application materials:

University of Richmond
School of Continuing Studies
Attention: Dean
University of Richmond, VA 23173

Additional requirements vary by graduate degree programs. See the section that follows for the graduate program to which you are applying.

Admission to the Master of Human Resource Management Degree and the Graduate Certificate in Human Resource Management

Students seeking admission to the Master of Human Resource Management or the Graduate Certificate in Human Resource Management must have the following:

A baccalaureate degree from a regionally accredited college or university.

A grade point average of 3.0 or higher on all college or university academic work attempted.

Students who do not meet the minimum G.P.A. requirements may be considered on a case-by-case basis for conditional admission. To remain in the program conditionally admitted students must earn a minimum 2.66 grade point average in the first three courses taken following conditional admission.

Admission to the Master of Disaster Science or Master of Emergency Management Degree and the Graduate Certificate in Disaster Science

Students seeking admission to the Master of Disaster Science degree or the Graduate Certificate in Disaster Science must have the following:

- A baccalaureate degree from a regionally accredited college or university.
- A grade point average of 3.0 or higher on all college and university academic work attempted.
- For students who have completed an undergraduate degree in emergency management or a related field, a minimum of two years paid or volunteer experience in the field.
- For students with other majors, a minimum of three years experience in the field.

- Students who do not meet experience or grade point average requirements may be considered on a case-by-case basis and admitted conditionally after demonstrating other significant achievements that make satisfactory completion of the course of study likely.

Applicants to the Master of Disaster Science and Master of Emergency Management program must submit a writing sample detailing their professional background, interest in the emergency management field and interest in pursuing an advanced degree in disaster science.

All final applicants will be interviewed by the Program Director.

Special Admission to the Master of Disaster Science or Master of Emergency Management Degree and the Graduate Certificate in Disaster Science as an Undergraduate

Selected exceptional students in their senior year as undergraduate Emergency Services Management majors can apply for admission to either the Master of Disaster Science or Master of Emergency Management (when separation is completed) degree.

Students accepted could enroll for and apply 9 graduate hours of credit to completion of their Bachelor's degree to meet the 120 hour undergraduate requirement. If the student earns a grade of B or higher in a graduate course, that course will also be applied to meet the 33 (MDS) or 36 hour requirements (MEM) of the Master's Degree.

Application requirements for this special program include:

- Students must have an overall 3.0 average in the undergraduate program at the time of their application and otherwise meet all requirements for admission to the graduate degree, with the exception of having earned a Bachelor's degree.
- Students must have the recommendation of at least two faculty members.
- Applications must be approved by the program Chair.

REFUNDS

Students are matriculated by semester. If a student withdraws from classes or is dropped from the University for whatever cause, a refund of fees for a fall or spring semester shall be made in accordance with the University's refund policy, based on the following schedule. This schedule is adapted for summer terms.

Students who withdraw from the University and who are receiving any financial assistance may be required to return such assistance per Public Law 668.22 and institutional policy. The University of Richmond complies with all federal regulations governing recipients of federal Title IV funds. Information regarding financial aid refund policies is available from the Financial Aid Office.

The amount of the refund is based on the date that written withdrawal notification is received in the Office of the Dean. Any special fee is non-refundable after the first day of class. The full schedule of refunds is available at <http://controller.richmond.edu/tuition/scs.htm>.

All appeals must be in writing and directed to Annemarie Weitzel, Bursar, Box R, University of Richmond, Virginia, 23173; or bursar@richmond.edu.

TUITION PAYMENTS

General Information

Inquiries concerning payments should be directed to the Office of the Bursar, phone (804) 289-8147 or e-mail at bursar@richmond.edu.

Full payment or plan of payment is due to the Student Accounts Office by the end of the first week of the term or you will be dropped from class. You are still responsible to meet all payment deadlines, even if you do not receive a bill. Students may view their student account at any time over BannerWeb.

If you are dropped from class due to non-payment, you may still be responsible for the tuition and fee charges according to the University Refund Policy.

FULL PAYMENT is due by the end of the first

week of the semester whether or not an invoice has been received.

Electronic Billing and Payment

The University of Richmond is pleased to announce that we are now providing electronic billing and payment for all enrolled students.

Students will receive a monthly electronic bill notification at their UR email address advising that their bill is ready to view and pay. All students will also have the ability to grant permission to others (parent, guardian, spouse, employer, etc.) to access their student account information. Anyone with access will also be emailed when the bill is ready to be viewed and paid so everyone involved with you account will be notified. **No paper invoices are mailed.**

With the electronic billing students and authorized payers are able to make payments through a variety of methods. Electronic payments using MasterCard, American Express or Discover (with a vendor service charge of 2.75 percent of amount charged) OR you can pay electronically with a check at no cost. Also, the invoice may be printed and mailed with a check. Another payment option is our monthly payment plan with Tuition Pay. Cash and check payments will still be accepted at the Student Accounts Office.

The University is committed to offering a very secure on-line account management system and has partnered with QuickPay®. The technical architecture/security of the QuickPay® product uses intrusion detection and firewall systems to protect the network. Our contract with them ensures that we are compliant with Family Education Rights and Privacy Act (FERPA) and the Gramm-Leach Bliley (GLB) Act. **The QuickPay® system is available world wide, twenty-four hours a day, seven days a week.** Additional benefits include viewable billing and payment history as well as convenient access for authorized payers that students have set up. Students can pay their student account balance online by visiting BannerWeb and clicking on Student Services/Payment of Tuition and Fees/Payment of Tuition and Fees. Authorized payers will be able to access through QuickPay®.

Paying by Check

If you plan to pay by check, make your check payable to the University of Richmond. You can mail your payment to:

University of Richmond
Bursar's Office
University of Richmond, VA 23173

You may also make your check payment in person at the Student Accounts Office in Sarah Brunet Hall.

Paying in Cash

Cash payments are accepted at the Student Accounts Office in Sarah Brunet Hall. Please do not mail cash payments.

Tuition Payment Plan

The University offers the services of TuitionPay™ for students who desire a payment plan.

What is TuitionPay™?

TuitionPay™ is an education financing company that provides families and students with a low cost plan for budgeting tuition and other education expenses. The TuitionPay™ Monthly plan is NOT a loan program, therefore no debt is incurred. There is no interest or finance charges assessed by TuitionPay™ on the unpaid balance due to the college. The only fee to budget payments is a \$35.00 per semester nonrefundable enrollment fee. Payments made through TuitionPay™ are considerably less expensive than the cost of obtaining loans, paying with credit cards, or budgeting through other interest or fee-charging payment plans. There is no credit search or qualifications necessary to use TuitionPay™.

One of the reasons the cost to budget with TuitionPay™ is so affordable is that payments are made by using automatic payments from your bank. The automatic payment helps you budget tuition payments in a convenient way, which ensures that the college will receive dependable and consistent tuition payments.

With TuitionPay™ you never miss a payment and you save the time and expense of writing and mailing checks.

How Does Automatic Payment Work?

Automatic payments are simply payments that you authorize your bank to make on your behalf on a specific date each month. The amount paid by your bank is a predetermined amount that you have authorized. Your bank will make these payments from either your checking or savings account, according to the instructions you have provided on your agreement with TuitionPay™. Payments will be made until the total amount due to the college is paid in full. Automatic payments are used to pay mortgages, life insurance premiums, car payments, utilities and other types of bills.

When you use TuitionPay™ to pay your school tuition, your bank sends your payment on the first of the month directly to the bank that TuitionPay™ uses to collect tuition payments. Before any payment is made, TuitionPay™ provides evidence of your authorization for tuition payments to your bank. Your bank will usually verify this authorization with you and then set up the payment schedule. It is important to remember that TuitionPay™ and your college never see your bank account or have any direct access to your account. You never lose any control of your account. State and federal laws strictly control the automatic payment process. With TuitionPay™ your payments are made on the first of each month.

Budget Period

To qualify for the three-month payment plan, student applications must be received by TuitionPay™ by August 8 for the fall semester (date is approximate) or December 10 for the spring semester (date is approximate). The budget period is August through October for the fall semester, and December through February for the spring semester. The TuitionPay™ Tuition Pay Monthly Plan is not available for courses offered during the summer semester.

How to Apply for TuitionPay™

To enroll in the Tuition Pay Monthly plan simply go to their Web site at www.tuitionpay.com and click on "Enroll now."

What If I Have Questions About My Account?

There is always an account representative who can answer questions about your TuitionPay™ account once it has been established. You can call 1-800-625-0120, email info@tuitionpay.com, or visit <http://tuitionpay.com/urich>. You may also contact the Student Accounts Office at (804) 289-8148.

FINANCIAL AID

General Information

In addition to the scholarships named below, there are other sources of financial assistance available to students in the School of Continuing Studies. Generally, a student must be enrolled or unconditionally accepted for enrollment on at least a half-time basis (six credits/term) in an eligible degree or certificate program in order to be eligible for consideration for financial aid. (All SCS degree and certificate programs are eligible for financial aid consideration except the Certificate in Applied Studies in Leadership Studies.) In addition, the student must be a U.S. citizen or permanent resident (or other eli-

gible non-citizen) and must be making Satisfactory Academic Progress (see below) toward his/her degree or certificate.

Federal financial assistance is available in the form of Federal Grants and Federal Direct Loans. Federal Grants are provided to low-income undergraduate students who have not already earned a degree but who are working toward a degree. Federal Grant recipients must be enrolled for at least three credit hours/term; Federal ACG and SMART Grant recipients must be enrolled full-time (twelve credits/term). The grants do not have to be repaid.

Federal Direct Loans are low interest loans for students who are enrolled in an eligible degree or certificate program (see exception noted above) for at least six credit hours. Annual loan limits vary from \$3,500 to \$20,000 depending on grade level and dependency status. Subsidized Direct Loans are available to students who demonstrate financial need; the federal government pays the accrued interest on these loans while the student is enrolled. Unsubsidized Direct Loans are available to students regardless of demonstrated need; students are responsible for accrued interest on these loans.

Eligibility for the Federal Grants and Federal Direct Loans is determined by completion of the Free Application for Federal Student Aid (FAFSA). An additional loan application is required for the Direct Loan Program. These forms are available from the Financial Aid office, Sarah Brunet Hall, web address: <http://financialaid.richmond.edu>. (Tel: 804/289-8438, e-mail: finaid@richmond.edu) Please note that if you will need financial assistance in order to pay for your tuition charges, then the required applications must be completed at least six weeks prior to the start of the enrollment period.

Virginia Tuition Assistance Grant

The Virginia Tuition Assistance Grant (VTAG) is available to full-time students who are residents of Virginia and who are enrolled in a degree program. (The amount of the grant for the current academic year is \$3,200 for undergraduates and \$1,900 for graduate students.) The VTAG application may be obtained online at <http://financialaid.richmond.edu> or from the Financial Aid Office. Deadline for applications is July 31.

Satisfactory Academic Progress

The federal government requires that a student be

making Satisfactory Academic Progress (SAP) toward his/her degree or certificate in order to remain eligible for consideration for financial aid. The University of Richmond's SAP policy for the School of Continuing Studies students requires, by the end of the second semester and thereafter, achievement of a cumulative G.P.A. of at least a 2.0. In addition, students must pass at least 67 percent of the course work attempted. The maximum timeframe allowed for completion of a program is 150 percent of the program length. (For example, if the program requires 60 hours to complete, the maximum number of hours attempted to complete the program cannot exceed 90 hours.)

Return of Financial Aid When a Student Withdraws

A student who withdraws during a semester may be entitled to a refund of certain charges as outlined in the Refund Policy.

Withdrawal may also affect a student's financial aid eligibility for the semester as outlined in the federal Return of Title IV Program Funds Policy and the Return of Non-Title IV Program Funds Policy.

Return of Title IV Program Funds Policy

The 1998 amendments to the Higher Education Act (HEA) of 1965 and subsequent regulations issued by the Department of Education (43CFR 668.22) establish a policy for the return of Title IV grant and loan funds for a student who withdraws. Title IV grant and loan funds include the following programs: Federal/Direct Loans, Federal Pell Grant, Federal ACG Grant, Federal SMART Grant, Federal Supplemental Educational Opportunity Grant, Federal Perkins Loan, Federal Work-Study, Federal/Direct PLUS Loans and Grad PLUS Loans.

The amount of Title IV funds the student earns, up to the withdrawal date, is based on a daily proration determined by dividing the total number of calendar days completed by the total number of calendar days in the semester (excluding breaks of five or more consecutive days). This calculation must only be done up to the 60 percent point in time for the semester. After the 60 percent point in time, the student is considered to have earned all of the Title IV funds awarded for the semester.

Unearned Title IV funds must be returned to the Title IV programs. If the amount earned is greater than the amount that has been disbursed, the difference is treated as a late disbursement to

the student. Unearned funds, up to the amount of total institutional charges (tuition, room and board) multiplied by the unearned percentage of funds, are returned to the Title IV programs by the University of Richmond. The student must return any portion of unearned funds not returned by the school. Only 50 percent of unearned grant funds must be returned. Title IV loan funds that must be returned by the student are repaid per the loan terms.

Unearned Title IV funds are returned to the Title IV programs in the following order: Unsubsidized Federal/Direct Stafford Loans, Subsidized Federal/Direct Stafford Loans, Perkins Loans, Federal/Direct Grad PLUS Loans, Federal/Direct PLUS Loans, Federal Pell Grants, Federal ACG Grants, Federal SMART Grants, Federal Supplemental Educational Opportunity Grants and other Federal Title IV Grants.

Return of Non-Title IV Program Funds Policy

Non-Title IV financial aid will be adjusted for a withdrawing student based upon the University's Refund Policy. Adjustments will be made through the sixth week of classes. The amount to be returned to the non-Title IV financial aid program is the same percentage that will be refunded to the student for tuition and room charges. After the sixth week, the student is considered to have earned all of the non-Title IV aid.

Non-Title IV financial aid funds are returned in the following order: institutional grants/scholarships, non-federal loans, agency scholarships, company tuition payments.

Students who are receiving financial aid and who are planning to withdraw from the University during a semester are strongly encouraged to meet with a Financial Aid Advisor to review the impact that their withdrawal will have on their institutional charges and on other financial aid in future terms.

For further information about the various financial aid programs, check our web site at <http://financialaid.richmond.edu> or contact the Office of Financial Aid at (804)289-8438 or at fnaid@richmond.edu.

TUITION ASSISTANCE

Recognizing the value of college training in the evening, many organizations in Richmond and the surrounding area pay tuition, in whole or in part for their employees. Students should inquire about possible educational benefits offered by their employers.

For graduate students, all requirements (including thesis, if appropriate) must be completed before the candidate can participate in the SCS Commencement Ceremony.

VETERANS AFFAIRS

Students eligible to receive educational benefits under the Veterans Readjustment Acts and other public laws for veterans, active servicemen, children, spouses of disabled or deceased veterans must submit an application to the Veterans Administration (VA) prior to registration to ensure maximum benefits. Eligible students must request a Certificate of Enrollment from the VA Coordinator each term, including the summer session. VA checks then are sent directly to the student.

The VA requires both the University and the student to notify the VA promptly if there is a change in course load.

Students are expected to progress satisfactorily toward their approved educational objective. Instances of poor academic performance, courses taken which do not count toward an approved program, repeated courses and/or excessive absences or withdrawals must be reported. Such instances may result in a reduction or loss of benefits. For further information, contact the VA coordinator in the Office of the University Registrar, (804) 8408.

ALUMNI DISCOUNT POLICY

Alumni who received a bachelor's degree from the University of Richmond School of Continuing Studies, University College, Jepson School of Leadership, Robins School of Business, School of Arts and Sciences or TCW School of Law are eligible for a 50 percent discount in SCS undergraduate credit classes (except for summer school courses/programs or already discounted programs). Registration is on a space-available basis. Contact the School of Continuing Studies at (804) 287-6572 for details before attempting to register.

No discount is granted for the Teacher Licensure Program (TLP) or for SCS graduate programs.

STUDENT SERVICES AND ACADEMIC SUPPORT

At Richmond, you will be challenged to excel and reach your full potential. To help you succeed, the University offers a wealth of academic resources to assist you in making the most of your experience.

ADVISING AND PROGRAM PLANNING

An academic advisor will help you plan a program suited to your needs. You are urged to use this service since information about programs and University regulations is important to your academic success. To make an appointment with an advisor, call the Evening School, 804-289-8133.

DISABILITY ACCOMMODATIONS

The University seeks to comply with all applicable federal, state and local laws regarding the rights of individuals with disabilities. To facilitate such compliance, the Vice President for Student Affairs serves as the University's Disability Coordinator. The University does not discriminate on the basis of disability in admission. Therefore, applicants are not required to provide information about their physical condition or disability status prior to admission. Individuals with disabilities are invited to contact the Disability Coordinator (for the School of Continuing Studies this is the Director of Student Services) regarding any accommodations they may require upon matriculation or go online to <http://oncampus.richmond.edu/student/affairs/office/dservices.htm> to obtain the application for disability accommodations and details on the disability policies. The University provides reasonable adjustments or accommodations in its academic programs as necessary for equal opportunity and participation for qualified students with disabilities.

POLICIES

The University of Richmond is governed by policy statements which guide individual members in their actions toward each other and toward the larger community. These policy statements support the University's educational mission while seeking to assure that both individual and majority rights are appropriately observed and maintained.

HONOR STATUTE

University Honor Statute governs such behavior as cheating, plagiarism, lying and academic theft.

Policy Statement on Standards of Conduct, Penalties and Disciplinary Procedures governs the conduct of students and their guests, as well as other individuals.

The determination of whether a policy has been violated and imposition of penalties, when necessary, will be effected according to established procedures, with procedural fairness observed and with appropriate appeal procedures available. Penalties for violations range from reprimand to expulsion from the University and, if appropriate, legal action may be invoked.

Students may obtain a copy of the policies from the Dean's Office, or consult the SCS Student Handbook, <http://scs.richmond.edu/student/handbook>.

BOOKSTORE

The University Bookstore carries textbooks for all courses scheduled for a given term at the University. A comprehensive selection of reference books and general reading materials is also available. The store offers academically priced software, computer and office supplies, greeting cards, gifts, clothing and health and beauty aids. Services include UPS shipping and faxing. The website is <http://urspidershop.com>.

IDENTIFICATION CARD/ONE-CARD

Each degree or certificate-seeking student will be issued a picture identification card (One-Card) upon request. This card verifies that the holder is eligible to receive University library and certain other campus privileges. A campus ID is required for check cashing and access to athletic facilities and serves as your meal card if applicable. Neither the card nor its privileges is transferable.

All University students may sign up for the University's Spider Account, a declining balance program which allows students to access previously deposited funds via their University One-Card. The Spider Account allows students the ability to make purchases without carrying cash and can be used by all students at the bookstore, the Student Health Center, at most vending machines and at all

campus dining locations. Complete information on the One-Card is available at <http://oncampus.richmond.edu/student/life/one-card>.

STUDENT GOVERNMENT ASSOCIATION

The goal of the School of Continuing Studies Student Government Association is student representation through communication. Active Membership is open to current students, while Supporting Membership is open to all University of Richmond evening students and School of Continuing Studies alumni. Student participation is encouraged and needed. SGA activities include the May commencement reception, a newsletter, the Outstanding Faculty Award and timely special activities. Visit the SGA Web site at <http://scs.richmond.edu/sga>.

SOCIETY OF HUMAN RESOURCE MANAGEMENT

The School of Continuing Studies has a Student Chapter of the Society of Human Resource Management. For additional information visit <http://scs.richmond.edu/hr>.

ALUMNI ASSOCIATION

The University College/School of Continuing Studies Alumni Association was founded by a group of UC/SCS alumni in 1995. The association is strongly committed to its mission to benefit the school, students and alumni through the adoption of projects that promote scholarship and assistance to students and provide service and social opportunities for alumni. Its goals are twofold: to provide an ongoing connection to the School and the University and represent the unique experience of evening college students.

Current School of Continuing Studies students benefit from the association's efforts to obtain information about careers and increase financial assistance, particularly through the promotion and support of the Jean H. Proffitt Scholarship, which awards scholarships annually to selected students. Additional information is available at <http://scs.richmond.edu/alumni>.

STUDENT IDENTIFICATION NUMBER

In an effort to better protect the privacy of each member of the University of Richmond community, the University has discontinued the use of

social security numbers as the primary identification for University records. In summer 2004, the University began using randomly generated ID numbers for each student, employee, faculty member and alumnus.

Each student is assigned a University of Richmond ID number as the primary identification for University records when he/she enters the University. This eight-digit number is sent by mail to new SCS students and is printed on each student's One-card (unless the student requests it not be printed). This UR ID number is also used in conjunction with a confidential PIN for students to register for classes and access their academic records through the Web using the University of Richmond's Student Information System (BannerWeb).

A Social Security Number is still required to be on file with the University to fulfill IRS and Federal reporting requirements.

ACADEMIC SKILLS CENTER

The Academic Skills Center provides academic support to all students (i.e., undergraduate, graduate, etc.). Using a holistic approach, the Center incorporates counseling and study skills techniques. The Center offers a unique Peer Academic Skills Tutoring (PAST) program staffed with tutors who are trained to simultaneously provide tutorial assistance in a variety of disciplines and study skills.

SCS students are permitted to make three appointments with tutoring staff each semester by using the appointment sheets provided in the Center or by calling 804-289-8626. SCS students who need to utilize the services of the Center more than the stipulated three times, are permitted to see an available tutor on a walk-in basis.

CAREER DEVELOPMENT RESOURCES

ReadyMinds

ReadyMinds is the career counseling service dedicated to School of Continuing Studies students. With convenient and confidential career counseling, these national certified counselors work with students one-on-one via online and telephone interaction focusing on immediate occupational needs as well as long term career goals. The program is provided to a limited number of eligible students on a first come, first serve basis at no cost. Eligible students are those who:

^a are admitted to a certificate, graduate certifi-

cate, associate, bachelor or master's degree-seeking program,

- have completed 12 semester hours at the University of Richmond and
- are in good academic standing.

More information about ReadyMinds is available on the School of Continuing Studies website, <http://scs.richmond.edu/career>.

Career Development Center (CDC)

SCS students within two semesters of completing their degree program, may establish an eRecruiting account through the Career Development Center. This provides access to job listings, employer contacts, and on-campus interviews. Account activation forms are available on the CDC website cdc.richmond.edu. Students enrolled in the Teacher Licensure Program may establish an eRecruiting account as part of their teacher credential file.

The Career Development Center Resources Library, located in Tyler Haynes Commons contains a wide variety of books on resume writing, career paths in various fields, and interviewing skills. Hours of operation: Monday through Friday, 8:30 a.m.-5 p.m.

SCS students have full access to the many valuable resources, sample resumes, cover letters and job search advice located on the Career Development Center's website, <http://cdc.richmond.edu>.

THE SPEECH CENTER

The Speech Center serves the entire University community in the pursuit of speaking proficiency. Closely associated with the Department of Rhetoric and Communication Studies, the Center is designed to support courses emphasizing speech and oral presentations across the curriculum.

For information, call 804-289-8814, visit the Center's website, <http://speech.richmond.edu>, or visit the Speech Center on the fourth floor of Weinstein Hall.

THE WRITING CENTER

The Writing Center provides individual tutoring in writing for undergraduate and graduate students in any course or academic discipline. For information visit the Center's Web site at <http://writing.richmond.edu>. Continuing Studies may also receive help online from the Center's School of Continuing Studies specialist. Students should check the Online Writing Lab (OWL) link from their My Blackboard pages.

DINING SERVICES

General Information

University of Richmond Dining Services is a multi-operation department consisting of dining locations, snack shops and retail stores. The newly renovated E. Bruce Heilman Dining Center is a state of the art facility overlooking Westhampton Lake that serves approximately 3000 students and guests daily. A retail market is located off the main lobby and The University Club is located on the lower level. The upper level of the facility houses the department of Food and Auxiliary Services and the campus Post Office.

The centrally located Tyler Haynes Commons houses Tyler's Grill, an 'eat in or carry out' operation with a dining area that faces the scenic Westhampton Lake and gazebo. The smoothie bar, Freshens and The Cellar, a late-night gathering space are also located in the THC. For late night studying at Boatwright Library, gourmet coffee, hot drinks and snacks are also available at Eight Fifteen at Boatwright. Sodas, snacks and grocery items are also available at The Dean's Den, located in the Whitehurst building near the Richmond College Dean's office.

Hours of Operation and Other Services

You can find something to eat somewhere on campus whenever classes are in session, from 7:15am to midnight Monday through Thursday, Friday from 7:15 a.m. until 1 a.m., Saturday and Sunday from 10:30 a.m until 1 a.m. Dining Services maintains an up-to-date schedule of menus and operational hours for all campus locations on their web page. Meal plans follow the undergraduate academic calendar and service and hours may be limited during academic breaks and holidays.

A wide variety of additional services, including nutrition counseling and meals-to-go, along with catering services, are also available through University Dining Services. Additional information is available upon request or can be viewed at <http://dining.richmond.edu>.

DEPARTMENT OF RECREATION AND WELLNESS

The mission of the Department of Recreation and Wellness is to enhance the lives of its members by providing quality recreational and educational programs in an environment that promotes healthy lifestyles, academic productivity and personal growth.

The new Weinstein Center for Recreation and Wellness provides a comprehensive facility that includes a two-level fitness and wellness center, three-court gymnasium with an elevated walking and jogging track, two multipurpose rooms, pool, game room, racquetball and squash courts, as well as locker room and sauna facilities. Participants will have the opportunity to experience a full range of cardio and strength equipment, in addition to a wellness resource center and computer lab. Outdoor playing fields and lighted basketball and sand volleyball courts are available for recreational use too. Also available for recreational use when not scheduled for intramurals, intercollegiate athletics or special events are 13 tennis courts, a 400 meter track and cross country trails. The Fitness and Wellness program offers group exercise, indoor cycling and other fitness instructional programs throughout the day. In addition, special screenings, assessments and services are offered to address health and wellness topics. Services often include massage therapy, personal training, cholesterol screenings, blood pressure checks and fitness assessments. The Intramural Sports program offers a wide range of major and minor sports at a variety of skill levels. More than 25 sport clubs provide student leadership opportunities as well as competitive options for students who are not part of the varsity athletic program. The Natural High and Outdoor Adventure programs offer activities and trips throughout the year, often including whitewater tubing and rafting, camping, skiing, rock climbing and hiking. Participants may also experience our newly built multi-level High Ropes Odyssey course designed to promote confidence, self esteem, communication and team building. You can also take advantage of our beautiful facilities to rent for your events. From sporting tournaments to birthday parties to receptions we can do it all. A beautiful courtyard and atrium, 22,000 feet of open area in the gymnasium, a pool and outdoor fields. We can accommodate any group.

The following facilities are available for rent: Gymnasium (1-3 courts); 2 Multipurpose Rooms; 3 Intramural Fields; Outdoor Sports Complex; Racquetball/Squash Courts; Indoor Swimming Pool; Millhiser Gymnasium.

For more information about Recreation and Wellness programs or the Weinstein Center, please visit <http://oncampus.richmond.edu/student/affairs/recwell>.

THE RICHMOND RESEARCH INSTITUTE

The Richmond Research Institute was founded in 2004 to encourage and facilitate collaborative research among faculty and students and to help raise the research profile of the University of Richmond. The institute has created a comprehensive online database of faculty research interests and accomplishments. The website features over six hundred books and book chapters authored by University of Richmond faculty members. Hundreds of faculty-authored research articles in scholarly journals are also listed on the site. Another of the Institute's ongoing projects has been the collection and posting of student research. The students' research is the culmination of an independent study or project mentored by a faculty member at the University. The site features streaming videos of students talking about their research, abstracts, research papers and posters and other research products. In addition to focusing attention on ongoing faculty and student research, the Institute -- under the direction of the Provost -- encourages new research through a variety of initiatives. For more information on the Institute and the projects mentioned above, please visit the Richmond Research Institute website, <http://research.richmond.edu>.

ACADEMIC PROCEDURES

The University of Richmond School of Continuing Studies has, for each academic program, procedures and degree requirements that must be satisfied before the degree can be granted. The student is responsible for knowing the specific requirements and planning appropriately to allow for the completion of these requirements. SCS provides, depending on the program, either or both academic advisors and administrative personnel to assist students with their plans. In any case, the final responsibility for following procedures and meeting degree requirements rests solely with the student.

The following sections describe academic policies, regulations, and procedures.

FLEXIBLE WAYS TO EARN CREDIT

General Information

The School of Continuing Studies has a liberal transfer policy and matriculated students can earn credits toward their degree through examination College Level Examination Program (CLEP), American Council on Education (ACE), Advanced Placement Program (AP), independent study or through portfolio assessment of prior learning. Consult your academic advisor for details. Additional information is available at <http://scs.richmond.edu/credit>.

College Level Examination Program (CLEP)

The School of Continuing Studies awards credit based on acceptable performance on specified tests of the College Level Examination Program. Generally, a student may not attempt credit by examination for a course in which a failing grade was received or for a basic course in those areas in which acceptable college credit has been earned at a more advanced level. For information about general and subject examinations, contact the School of Continuing Studies.

American Council on Education (ACE)

ACE's College Credit Recommendation Service reviews and offers college-level credit recommendations for many training courses, apprenticeship programs and examinations. An official ACE Credit Recommendations Transcript must be submitted directly to the School of Continuing Studies for review of the equivalence and transfer.

For more information on ACE or to order a transcript contact the web site at <http://www.acenet.edu>.

Advanced Placement Program (AP)

The School of Continuing Studies participates in the Advance Placement program of the College Board. A student that successfully completed AP examinations prior to their entry in a college-level program may have official scores submitted to the University for review. Scores submitted within ten years of completion of the examination will be considered for the equivalence and transfer of credit. To order test scores contact www.ETS.org.

Independent Study

An independent study is a course taken with faculty supervision for knowledge enhancement beyond the courses offered in a particular area of interest. In rare cases, when scheduling or other conflicts exist, a regular course may be taken as an independent study. Independent study courses may be used in the Areas of Study and General Distribution and may be used to enhance courses in the major. Consult with your academic advisor before applying to earn credit by independent study.

Transfer Credit

Courses offered in transfer will be evaluated for acceptance provided the work was taken at an institution accredited as degree-granting by a recognized regional accrediting body for higher education at the time the course work is completed. A grade of or equivalent to C (2.0) or better must have been earned in the particular course. Course work accepted in transfer shall be applied to specific degree requirements subject to the discretion of the School of Continuing Studies. Transfer work will be accepted during the final semester of a program only with prior approval. CLEP exams are considered transfer credits.

The School of Continuing Studies generally does not accept credits earned with a Pass/No Pass designation.

No transfer credit shall be formally accepted or recorded until the University has received an official transcript directly from the records office of the institution which offered the course work. If course work is being transferred from more than

one institution, a transcript must be received from each institution. It is the responsibility of the student to be aware of the unit of credit awarded when enrolling at another institution for the purpose of transferring credits. Transferable work completed on the quarter hour system will be accepted at two-thirds of a semester hour.

Transfer credits will be accepted during the semester prior to graduation only with prior approval.

Note: Courses offered in transfer will be evaluated for acceptance provided the work was taken at an institution accredited as degree-granting by one of the following regional accrediting associations at the time the course work is completed:

- Middle States Association of Colleges and Schools/Commission on Higher Education;
- New England Association of Schools and Colleges/Commission on Technical and Career Institutions;
- North Central Association/Commission on Accreditation and School Improvement;
- Northwest Association of Colleges and Schools/Commission on Colleges;
- Southern Association of Colleges and Schools/Commission on Colleges;
- Western Association of Schools and Colleges/Accrediting Commission for Senior Colleges and Universities;
- Western Association of Schools and Colleges/Accrediting Commission of Community and Junior Colleges

Transfer Credit from Non-U.S. Institutions

Students who have attended institutions outside of the United States are required to provide official transcripts (mark sheets) to the School of Continuing Studies and to have these official transcripts evaluated by one of the educational credit evaluation services listed on the National Association of Credential Evaluation Services (NACES) website. An official copy of the evaluation must be sent directly to SCS from the evaluation service.

A listing of acceptable evaluators is available through the National Association of Credential Evaluation Services (NACES) on their website www.naces.org. In addition the University of Richmond will accept evaluations from the American Association of Collegiate Registrars and Admission Officers (AACRAO). Information is available from their website www.aacrao.org.

The service must supply an official transcript

evaluation according to the following guidelines:

- High school transcripts need a document to document evaluation.
- Applicants to graduate programs need a document to document evaluation, including cumulative GPA.
- Applicants for undergrad programs with possible transfer work will need a course by course evaluation, including cumulative GPA.
- Applicants must provide the original mark sheets form. (If the student does not want to part with the originals, they can present the originals in person to the SCS office to be photocopied.)

SCS will check with the service to be sure that the evaluation was completed using the same mark sheets provided by the student.

Portfolio Assessment of Prior Learning

Yet another way for students to earn academic credit is by portfolio assessment of prior learning. This involves developing a learning portfolio that demonstrates college-level learning that occurred on the job or during training, through volunteer work or by other means. By preparing and submitting a learning portfolio, SCS students can earn up to 30 credits toward a bachelor's degree and 15 credits toward an associate degree. Six hours of portfolio credit may be applied toward the certificate or toward the major. Students are eligible to submit portfolios upon official admission to a degree program in the School of Continuing Studies.

A portfolio is a formal written communication made up of an introductory essay, a detailed narrative on a specific course and documentation. Portfolios have been successfully submitted in leadership, journalism, English, speech and many other disciplines. These portfolios are available for examination in the SCS office.

In order to submit a portfolio, a student must enroll in ADED 200U Experiential Learning and Portfolio Preparation. This course serves as an elective and provides students with the necessary information about how to evaluate their experiential learning, match the learning to a course and how to prepare a portfolio. At completion of the course, each student is able to make a decision about whether to proceed in earning credit in this manner. Students who have completed the course are eligible to submit portfolios throughout their academic careers at the University.

Students who have completed ADED 200U and wish to earn credit by portfolio assessment register

for ADED 201U Portfolio Submission and Assessment during the regular registration period and pay the nonrefundable assessment fee of \$100. Portfolios can be submitted at any time during the semester in which the student is registered for ADED 201U, however the following submission dates determine when credit is awarded:

- For credit earned in the fall semester, portfolios must be submitted by October 15.
- For credit earned in the spring semester, portfolios must be submitted by February 15.
- For credit earned in the summer semester, portfolios must be submitted by June 15.

Qualified faculty members with expertise in the particular discipline review the portfolios. The assessors will recommend credit based on the extent and depth of the student's learning as demonstrated in the portfolio. The review process may include an interview with the student. After reviewing the assessors' recommendations, the associate dean will make the final decision regarding credit.

Once the credits have been awarded, students will be billed \$150 per semester hour. Portfolio credits will show a P for passed and the specific course in which credit was assigned. Portfolio credits do not carry a letter grade and do not affect the grade point average.

REGISTRATION POLICIES

General Information

Registrations are accepted on the Web via BannerWeb at <https://bannerweb.richmond.edu>. Complete registration instructions are printed in the Schedule of Classes and on the Web and are available prior to each semester—July for the fall semester and November for the spring semester. Call (804) 289-8133 for the Schedule of Classes or view a list on the University of Richmond's website at registrar.richmond.edu.

Normal Class Load

The University of Richmond operates on the semester system. A normal course load for students who are employed full time is six semester hours. Some students find it possible to pursue nine semester hours. Your academic advisor will help you determine the appropriate schedule.

During the Fall and Spring semesters, students may not take over 18 credit hours without the dean's approval.

Students may enroll in no more than a total of 18 credit hours during the entire Summer Term without the Dean's approval.

Changes (Add/Drop, Withdrawal)

Changes in registration (Add/Drop, withdrawal) must be initiated by the student within the deadlines specified in the academic calendar. Ordinarily, a student may not withdraw from a course after the end of the seventh week of classes except for medical reasons.

Course Drop (using BannerWeb) before the end of the second week of classes is not shown on the academic record. Withdrawal after the end of the second week through the seventh week of classes carries the grade of W on the academic record.

All withdrawals after the second week of class must be requested in writing to the School of Continuing Studies. The withdrawal date will be the date the written request is received.

Students who stop attending class without notifying the School of Continuing Studies office will receive the grade of V (failure due to excessive absences) regardless of the last date of attendance and are responsible for payment of any fees due.

Audit

Normally, courses are taken for grade and academic credit, however, a student may take a course as audit. The audit reserves a place in the class for the student, but there are no attendance requirements nor credit given at the end of the term. The audited course is shown as such on the permanent academic record with a grade of Z for Audit.

Students who wish to audit a course or courses register and pay in the usual manner. After registering, the Audit Form must be completed to change a course from credit to audit status. Audit forms are available from the Registrar or the School of Continuing Studies office. The completed form must be filed in the School of Continuing Studies office prior to the mid-semester date published in the academic calendar. Once filed, the audit status is not reversible. Students who took a course as audit (grade of Z) may not later take the same course for a standard grade.

Graduate Study

Upper level undergraduate students may be approved to enroll in a limited number of graduate courses for either undergraduate or graduate credit purposes, according to the following criteria:

For Undergraduate Credit. School of Continuing Studies (SCS) undergraduate students may enroll in SCS graduate-level course work for undergraduate credit, provided they meet the following criteria:

- an overall GPA of 3.0 or above;

- the written approval of their program director; and,
- demonstrated ability to succeed in course work at the graduate level, based upon a combination of prior experience and/or formal college education.

Note: Specific programs within the SCS may require additional criteria.

For Graduate Credit. School of Continuing Studies (SCS) undergraduate students may enroll in SCS graduate level course work for graduate credit, provided they meet the following criteria:

satisfactory completion (including transfer) of at least 100 semester hours of course work toward the baccalaureate degree;

- an overall GPA of 3.30 or above; and,
- acceptance into a graduate certificate program as a regular student by its standard procedures.

Until students have completed a baccalaureate degree, no more than three courses may be taken for graduate credit and not more than two courses may be taken in any given semester.

Although a student who is accepted in this option may be enrolled in undergraduate and graduate courses simultaneously, the undergraduate and graduate transcripts will be kept separately. Courses taken for graduate credit under this option will not apply to the bachelor degree.

Note: Specific programs with the School of Continuing Studies may require additional criteria.

Repeated Courses

Coursework may not be repeated for credit toward graduation except as sanctioned by the University; however, particular coursework may meet more than one requirement for graduation. An example of a sanctioned repeat-for-credit is the subsequent registration for a course in which the content changes from term to term such as Special Topics or Independent Studies. Also, certain courses in a major or program may have to be repeated if the grade earned the first time does not meet requirements in such a case, the credit hours will be counted only once but both grades will be calculated in the cumulative grade point average.

Courses taken on an audit basis cannot be repeated for credit unless approved by the appropriate dean.

Except in clear situations, the Office of the University Registrar should be consulted before registration to learn if a proposed repeat is sanctioned for credit or if sanction is possible.

All courses taken at the University of Richmond

become a part of the permanent academic record. The grade for a course repeated at the University of Richmond becomes a part of the grade point average if the grade otherwise would be included in the computation.

COURSE ADMINISTRATION

Class Attendance

Each student is expected to attend all meetings of all classes, including lectures, seminars, laboratories and drills, in which he or she is enrolled. The specific attendance policy in each course, however, is determined by the instructor of the course, subject to the section on University Holidays below. The specific attendance policy for each course will be announced to the students and distributed on the course syllabus at the beginning of the course.

Faculty members will honor an official notification from the appropriate dean that a student is to be excused for participation in a University-sponsored event, such as choral performances off campus, intercollegiate athletic events, or judicial hearings at which the student must be present.

A student generally will be held responsible for all work of a class or laboratory missed during an absence. Acceptance of any excuse for an absence, other than those excused by the appropriate dean in the previous paragraph, and any provision for make-up, will be at the discretion of the instructor provided it is consistent with the announced policy for the course and with the University Holiday Schedule below. Missed classes, work, tests and/or excessive absences with or without good cause may result in a poorer grade, or failure, in the course. (NOTE: Students enrolled in Business School or School of Continuing Studies courses must attend at least 75% of the class meetings regardless of the reasons for absence to be eligible to receive credit for the course.)

Generally, absences that may be excused by faculty members include accident or illness, death or serious illness of a family member, bona fide religious holiday observance, or participation in other University activities such as field trips. Students should make arrangements with their instructors as far in advance as possible for the make up of any missed work. Students experiencing difficulty in making reasonable arrangements for make-up work may see their dean.

University Holidays

With the increasing diversity of the University community and the limited flexibility in setting the

academic calendar, it is not possible to avoid some religious and secular holidays that are very important to some members of our faculty, staff, and student body. However, the University is very sensitive to the special needs of those who need to observe such holidays and will make accommodations for them to make up the time missed if arrangements are made in advance.

The University is officially closed on New Year's Day, Thanksgiving Day, and Christmas. In addition, some schools are closed for classes on Memorial Day, July 4th, and Labor Day while others hold classes on those days. (See the appropriate academic calendar on the Registrar's Website for specifics.)

Other holidays affecting University community members include Martin Luther King Day, Rosh Hashanah, Yom Kippur, the first two days of Passover, Good Friday, and Easter Sunday. In consideration of their significance for our students, students who observe these holidays will be given an opportunity to make up missed work in both laboratories and lecture courses. If a test or examination is given on the first class day after one of these holidays, it must not cover material introduced in class on that holiday. Faculty and staff should be aware that Jewish and Islamic holidays begin at sunset on the evening before the published date of the holiday.

The University recognizes that there are other holidays, both religious and secular, which are of importance to some individuals and groups on campus. Such occasions include, but are not limited to, Sukkoth, the last two days of Passover, Shavuot, Shemini Atzerat, and Simchat Torah, as well as the Islamic New Year, Ra's al-sana, and the Islamic holidays Eid-al-Fitr and Eid-al-Adha.

Students who wish to observe any such holidays must inform their instructors within the first two weeks of each semester of their intent to observe the holiday even when the exact date of the holiday will not be known until later, so that alternative arrangements convenient to both the student and instructor can be made at the earliest opportunity. Students who make such arrangements will not be required to attend classes or take examinations on the designated days, and faculty must provide reasonable opportunities for such students to make up missed work and examinations. To facilitate this, faculty will announce and distribute all anticipated test and examination dates on the course syllabus, distributed at the beginning of each semester.

Students should be aware that faculty may need to adjust these dates as necessary.

Class Meetings

Class meeting times and locations are noted in the Schedule of Classes, and any corrections are noted on the Web at <https://bannerweb.richmond.edu>.

Seldom are classes canceled. If cancellation due to severe weather is necessary, a notice will appear on the television or be on WRVA radio encouraging students to call the University hotline at (804) 289-8760.

Grading Policies

The level of students' performance in classwork and examinations is indicated by letters. A (excellent), B (good), C (average) and D (poor) indicate that the work has been passed. The foregoing grades may be accompanied by a plus (+) or minus (-) to indicate a relative position within the grade category. Z shows that a course was audited. S and U indicate satisfactory or unsatisfactory performance in nonacademic courses or in a Pass/No Pass credit course.

W indicates that the student withdrew from a course with a passing average. Marks indicating failure are included as such in the grade point average by F, M (withdrew from a course with a failing average) and V (failure because of excessive absences). The X indicates that the grade is not available from the instructor. The assignment of grades is the sole right and responsibility of the instructor.

I and Y mean that a course has not been completed by the term's end. The I, which provisionally counts as a failing grade, is given when the reasons for incomplete work are deemed unjustifiable by the instructor. The work is to be made up by the date the instructor specifies, but no later than the mid-semester of the next regular semester. If the work is not made up during the grace period, the I will be converted to F. The Y, which does not count as a failing grade, is given when the reasons for incomplete work are deemed justifiable by the instructor, or at the end of the first term of a course that continues into a succeeding term. There is no deadline for completion of the work unless the instructor so specifies. In all cases, it is the student's responsibility to make arrangements for and progress to the completion of an incomplete course.

Grades are deemed correct unless notification to the contrary is received by the University Registrar within three (3) months after the close of the term specified.

Transcripts

Most colleges and universities require an official transcript to consider transfer credit. If you need a transcript, contact the Office of the University Registrar located in Sarah Brunet Hall or visit the website at registrar.richmond.edu. Requests must be made in writing.

Residency Requirement

Most of the bachelor degrees of the School of Continuing Studies require 120 semester hours. At least 60 semester hours must be completed in the School of Continuing Studies including ENGL 201U, ENGL 202U and ENGL 203U with a grade of 'C' or better within the first three regular terms at the School of Continuing Studies. Students who were previously enrolled in another school of the University of Richmond must complete at least 45 semester hours in the School of Continuing Studies to receive a School of Continuing Studies degree. The last 12 hours must be taken in the School of Continuing Studies.

The associate degree requires 60 semester hours. At least 30 semester hours must be completed in the School of Continuing Studies including ENGL 201U, ENGL 202U and ENGL 203U with a grade of 'C' or better within the first three regular terms at the School of Continuing Studies. The last 12 hours must be taken in the School of Continuing Studies.

Certificates in Paralegal Studies and Information Systems require 21 semester hours. Transfer work into these certificates will be evaluated on a case-by-case basis.

In Education, the graduate certificate in Teacher Licensure Preparation requires 30-33 hours depending on credentialing requirements.

Note: Transfer work will be accepted during the final semester of any program only with prior approval.

Credit and Grade Point Average

The University of Richmond School of Continuing Studies, School of Law, Graduate School of Business and Graduate School of Arts and Sciences uses the semester hour value. A semester hour is determined by a combination of factors that include contact time with a faculty member in a formal setting and expectations of independent student work through a nominal 15-week semester.

The grade point average is based on two factors:

GPA Hours - The accumulation of academic

semester hours that have grades to which grade point values are assigned; and

Grade Points - Given for each semester hour's grade according to the following scale:

A+ = 4.0	A = 4.0	A- = 3.7
B+ = 3.3	B = 3.0	B- = 2.7
C+ = 2.3	C = 2.0	C- = 1.7
D+ = 1.3	D = 1.0	D- = 0.7

F = 0.0 I = 0.0 M = 0.0 V = 0.0

Calculation - The grade point average is calculated by dividing the total number of grade points earned by the total number of GPA hours. The grade point average is represented to two significant decimal figures.

The accumulations and average are shown each term on the permanent academic record. Also shown is the accumulation of Earned Semester Hours. Earned hours are the academic semester hours in which the student has earned passing grades, plus semester hours credit, if any, for accepted transfer work.

Academic Reports

Grades are available on BannerWeb generally 48 hours after the grade due date published in the Academic Calendar. Students can also check grade changes, incomplete make-ups and posting of transfer credit throughout the year from any location. Grades are deemed correct unless notification to the contrary is received by the University Registrar within three (3) months after the close of the term specified.

If students need an official copy of their academic record, they can request a transcript through the Office of the University Registrar. All courses taken at the University of Richmond become a part of the permanent academic record.

Academic Standing

Students are expected to achieve in the classroom and make steady academic progress. Good standing is defined as earning at least 2.0 grade points for each academic hour attempted. A student is automatically placed on Academic Warning (AW) when the student's cumulative grade point (GPA) falls below a 2.0 at the conclusion of any term of attendance-fall, spring, or summer. A student on academic warning should take active steps to improve academic performance. A student remains on AW for one term of attendance, at the end of which time the student must obtain a cumulative GPA of at least 2.0. Failure to achieve this GPA

results in the student being placed on Academic Probation.

A student is placed on Academic Probation (APE) when the student's cumulative GPA falls below 2.0 for two consecutive terms of attendance. Students on APE are expected to improve their cumulative GPA within two consecutive terms of attendance. A student who achieves a cumulative GPA of at least 2.0 is removed from Academic Probation. If a student fails to meet the minimum of a 2.0 GPA, he/she will be suspended from the School of Continuing Studies. Once placed on Suspension (SP), a student may reapply for admission after one full academic year from the term of suspension.

Students with a cumulative GPA of less than 1.0 after two consecutive semesters are automatically suspended from the School of Continuing Studies. Once suspended, a student may reapply for admission after a minimum of one full academic year.

Academic Standing – Graduate Programs

A student is expected to maintain a cumulative grade point average of at least 3.0 in the graduate program to remain in the program. Only grades of A, B, or C will receive credit; there is no D grade, and an F receives no credit. The student may retake a course in which an F grade was received. However, both the former grade and the new grade will remain part of the student's academic record. In addition, the student is advised that he or she will be responsible for incurring whatever tuition costs are necessary in order to retake the course. A student whose cumulative grade point average falls below 3.0 at any time may be dismissed from the program.

A student who has been dismissed may apply for readmission after the lapse of three academic years. Applicants for readmission must meet current admission requirements. Readmission is not guaranteed.

Undergraduate Nondegree-seeking and Unclassified Students

Students may earn 12 semester hours within the school as a nondegree-seeking (NDS/unclassified) student after which she or he will be encouraged to declare a major or explore options with a student advisor.

Undergraduate Degree-seeking Students

Students who have not completed a class in the School of Continuing Studies for three or more successive semesters (including summer) must

resubmit an application and be readmitted under the current catalog requirements. Academic files will be kept for five years from the date of the last class taken. After that time they will be destroyed.

Graduate Non-degree Seeking Students

Students who wish to pursue non-degree graduate study in the School of Continuing Studies may enroll in a maximum of nine (9) semester credit hours of study at the graduate level provided the following conditions are met:

- The student must submit a completed Application for Non-degree Graduate Study;
- The student must provide an official transcript from the regionally accredited college/university that conferred his/her baccalaureate degree, prior to registering for any graduate course. This does not apply to students applying for graduate credit who are in-service educators or the general public who wish to take education courses through the professional development course offerings.
- The student must meet all prerequisite requirements of the course/courses in which they wish to enroll;
- The student must obtain written approval from the program chair of the respective discipline in which enrollment is desired (approval of application for non-degree graduate study);
- The student understands that credits obtained as a non-degree seeking graduate student may or may not apply at a later time to a graduate degree program in the School of Continuing Studies.
- The program chair may elect under special circumstances to permit a student to take more than nine hours of graduate credit for transfer to another institution of higher education, provided the student can document evidence of admission to a graduate program of study at that institution and acceptance of these credit hours toward the program. Additionally, the program chair reserves the right to make exceptions to this policy deemed appropriate to his/her program area.

To Change Degree or Major

Students wishing to change the degree and/or major into which they were originally accepted must submit the request in writing. If approved, the degree requirements will be those of the most recent catalog and an updated audit sheet will be mailed to the student with acknowledgment of the change. A meeting with the student advisor may or

may not be required.

To Apply for a Minor

A student must complete the Declaration of Minor form available in the SCS. The minor will appear on the official transcript and all classes in the minor must be completed at the University of Richmond. Visit <http://scs.richmond.edu/minor> for more information.

Master's Thesis Regulations

The thesis process must be initiated at least two semesters prior to the student's planned graduation date. An advising committee shall be appointed for each candidate writing a thesis to complete his or her degree program. The committee will supervise the preparation of the thesis. The committee shall have a minimum of two academically qualified faculty members from the candidate's department with the option of more readers at the discretion of the department. One member of the committee, with the approval of the Graduate Program Director, may be from outside the University, but cannot serve as the chair. The chair of the committee shall be the candidate's principal advisor, but all members of the committee are expected to read and comment on the thesis.

Approved copies of theses must be submitted to the Associate Dean of the School of Continuing Studies by the last Monday in April for May candidates and by the first Thursday in August for August candidates. The master's degree will not be awarded, nor will a diploma be released, until the required number of bound copies has been submitted and all binding and microfilming fees have been paid. The copies of the theses retained by the University are deposited in the author's home department, Boatwright Library and the University Archives. Theses in Boatwright Library are available to be checked out by library patrons and can be ordered by other institutions through Interlibrary Loan.

Evaluation

Instructors establish grading criteria for their courses and prepare and submit the final course reports (using the grades defined under Grading Policies) to the University Registrar for recording. In the event of a question about the accuracy of the recorded grade, a student should direct inquiries to the instructor and/or the Office of the University Registrar within three months of the specified semester.

It is recognized that each class and each student

in a class has unique characteristics that the instructor alone is in the best position to evaluate; consequently, except in unusual circumstances, formal appeals to others concerning the evaluation on which a grade is based are not appropriate.

If unusual circumstances appear to have existed which could have affected the evaluation, the student should first bring the matter to the attention of the instructor (if available). If that informal inquiry is impossible, or if its results are disputed, the student may next bring the matter to the attention of the Student Advisor. In the event of continued dispute, the student may formally petition the Dean; then the Academic Council for a decision.

Graduation

To graduate a student must file a degree application. The University graduation ceremonies are held in May. Students planning to complete BAS, BLA, ALA, Certificate, Graduate Certificate or Master degree requirements in the coming May or August must file a degree application by the second Friday in September. Students planning to complete degree requirements in December should file a degree application by the end of the previous spring semester.

Students will be notified by Spiderbytes, the University's e-communication tool, to apply for the upcoming December, May and August graduations by the deadline date. Students who plan to complete requirements in the Summer School (for undergraduate students no more than 6 hours) participate in the May ceremony as prospective August graduates. For graduate students, all requirements (including thesis, if appropriate) must be completed before the candidate can participate in the SCS Commencement Ceremony.

Degree applications are available online via BannerWeb, in the School of Continuing Studies and the Office of the University Registrar.

Note: Transfer work will be accepted during the semester prior to graduation only with prior approval. CLEP examinations are considered transfer credits.

Graduation Attendance Policy

Attendance at commencement is required unless absentia status is approved. A student who expects to graduate in the spring commencement may request absentia status by explaining in writing the very unusual circumstance that prevents participation in the ceremony. The request should be addressed to Susan Breeden, University Registrar and

should be received no later than eight working days before the ceremony. The University Registrar will notify the degree candidate of the status granted by the University. Unless approved as *absentia*, a candidate for graduation who does not participate in the commencement ceremony does not graduate. To request *absentia* please contact the Registrar's Office at registrar@richmond.edu.

Degree With Honors (Latin Honors)

General academic honors of three ranks are awarded only to graduates receiving associate and baccalaureate degrees on the basis of their cumulative grade point average of work completed at the University of Richmond.

Cum Laude: 3.20-3.49

Magna Cum Laude: 3.50-3.79

Summa Cum Laude: 3.80-4.00

Changes in Catalog Information

Caution: The course offerings and requirements of the University of Richmond are under continual examination and revision. This catalog is not a contract; it merely presents the offerings and requirements in effect at the time of publication and in no way guarantees that the offerings and requirements will not change. The University specifically reserves the right to change requirements for any major, minor and/or program and to implement them during any particular year.

In the event the University adopts new general education and/or major, minor and program requirements, efforts will be made to accommodate hardships during the transition period.

At times the University may elect to discontinue a degree program or focus area. Officially admitted students will be given five years from the date a program is discontinued to complete graduation requirements.

The student assumes full responsibility for compliance with all academic requirements.

CONFIDENTIALITY/PRIVACY RIGHTS/RIGHTS TO KNOW

University of Richmond procedures and the Family Educational Rights and Privacy Act (FERPA) prohibit the unauthorized release of confidential information about individual students. However, directory information is not considered to be confidential and may be published or otherwise released. Directory information includes: name; addresses, including permanent, campus, local (off-campus), e-mail, and campus computer network (IP) address; associated telephone numbers; date and place of birth; school or college; major and/or minor fields of study; degree sought; expected date of completion of degree requirements and graduation; degrees conferred; awards and honors (e.g., dean's list); full- or part-time enrollment status; dates of attendance; previous institutions attended; participation in officially recognized activities and sports; weight and height of members of an athletic team; and photograph. A full list of information considered directory information is available on the Office of the University Registrar's Web page at registrar.richmond.edu or by contacting the Office of the University Registrar. Students may opt to have their directory information withheld. To exercise this option, the appropriate form must be obtained from the Office of the University Registrar, completed, and returned to that office. Once filed, this form remains in effect until withdrawn by the student in writing to the Office of the University Registrar. For further information, contact the Office of the University Registrar.

RIGHTS WITH RESPECT TO EDUCATION RECORDS

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:

1. Access to Education Records: students have the right to inspect and review their education records within 45 days of the day the University receives a written request for access. Students should submit their request to the Office of the University Registrar and specify the record(s) they wish to inspect. Arrangements will be made for access and the student notified of the time and place where the records may be inspected.
2. Request for Amendment of Education Records: students have the right to request amendment of their education records if they believe the records are inaccurate. They should write the University Registrar, clearly identify the part of the record they want changed, and specify why it is inaccurate. If the University decides not to amend the record as requested by the student, the University will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding hearing procedures will be provided to the student when notified of the right to a hearing.
3. Disclosure of Education Records: students have the right to consent to disclosures of personally identifiable information contained in education records, except to the extent that FERPA authorizes disclosure without consent. One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interest. A school official is a person employed by the University in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the University has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official

committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the University discloses records without consent to officials of another school in which a student seeks or intends to enroll.

4. Right to File a Complaint: Students have the right to file a complaint with the U.S. Department of Education concerning alleged failures by the University of Richmond to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-4605

The University's complete policy statement can be found on the University Registrar's Web page at: <http://oncampus.richmond.edu/academics/registrar/policy/ferpapolicy.html>.

NOTE: Because of the access afforded by a University ID, this number is not considered directory information and will not be released without a student's consent except in situations as listed above. Students should treat the University ID as confidential—it should be protected and not carelessly shared with others. It will be used for a student's entire time at the University of Richmond, so it should always be treated in a confidential manner.

Right To Know

In accordance with the Student Right To Know and Campus Security Act, the University of Richmond makes graduation rates available to all current and incoming students. These figures can be found on the Office of Institutional Effectiveness Web page at oir.richmond.edu/.

- MATH 265U Applied Statistics
- MGMT 341U Principles of Management, 3
- MGMT 342U Operations Management, 3
- MKT 321U Principles of Marketing, 3

Credit toward the minor will not be given for both ACCT 300U and ACCT 301U. Students preparing for graduate studies in business should review specific admission requirements and recommendations for masters programs of interest.

DISASTER SCIENCE

The Master of Disaster Science and the Graduate Certificate in Disaster Science deal with the causation, impact and outcomes of a wide variety of natural and man-made disasters in an interdisciplinary context. Both programs build on professional technical training and undergraduate education by involving students in the discovery of the theory of disasters and teaching them the research tools needed to discover new knowledge in the field. The framework of these graduate programs is ideal for the individual who needs a more in depth understanding of disasters in relation to emergency management duties and responsibilities.

The Master of Emergency Management is a highly focused master's degree program designed to prepare individuals to manage governmental response to disasters.

Master of Disaster Science

33 semester hours

A maximum of six semester hours of transfer work may be accepted into the Master of Disaster Science.

Required: 9 semester hours

- ESM 503U Research Practicum, 3

ESM 505U Disasters, Characteristics and Physical Impacts, 3

ESM 540U The History of Emergency Management Organizations and Theory, 3

Electives

Choose twelve (12) semester hours from the courses listed below.

- ESM 509U Social Dimensions of Disasters, 3
- ESM 541U The Politics of Disaster, 3
- ESM 542U Economic Impacts of Disaster, 3
- ESM 543U Religion in Disaster, 3
- ESM 544U The Law of Disaster, 3
- ESM 549U Comparative International Disasters, 3
- ESM 595U Hazards and Threats for the Future, 3

Concentration: 6 semester hours

- ESM 546U Concentration I, 3
- ESM 547U Concentration II, 3

Thesis: 6 semester hours

- ESM 548U Thesis, 6

Degree Requirements

To qualify for the Master of Disaster Science, a candidate must complete the curriculum satisfactorily, including the achievement of at least a 3.0 grade point average on all applicable course work and the completion of the curriculum requirements within five years of starting the program.

Master of Emergency Management

36 semester hours

This degree requires completion of twelve (12) courses, 36 semester hours of graduate credit. A thesis or major project is not required. Courses will be delivered in three major areas of knowledge.

- I. Context and Management
- II. The Disaster Environment
- III. Disaster Operations

Students in the existing Master of Disaster Science program may transfer to the Master of Emergency Management program using a transfer matrix that allocates equivalency for current courses. Consult with a student advisor for details about transferring between programs.

Required

Context and Management Courses

- ESM 540U The History of Emergency Management Organization and Theory, 3
- ESM 560U Sources of Knowledge: How to Understand and Apply Research and the Sciences to Disaster Problems, 3

- ESM 561U Managing Governmental Organizations, 3
 ESM 562U Volunteer Organizations in Disaster, 3

The Disaster Environment Courses

- ESM 505U Disasters: Characteristics and Physical Impacts, 3
 ESM 563U Hazard, Vulnerability and Risk Management, 3
 ESM 564U Defense of Communities: An Integrated Approach, 3
 ESM 595U Hazards and Threats for the Future. 3

Disaster Operations Courses

- ESM 565U Disaster Planning, 3
 ESM 566U Disaster Exercises and Tests, 23
 ESM 567U Managing Emergency Operations, 3
 ESM 568U Disaster Logistics, 3

Graduate Certificate in Disaster Science

12 semester hours

No transfer hours will be accepted into the Graduate Certificate in Disaster Science.

Required

Choose twelve (12) semester hours from the courses listed below.

- ESM 503U Research Practicum, 3
 ESM 505U Disasters: Characteristics and Physical Impacts, 3
 ESM 509U Social Dimensions of Disasters, 3
 ESM 540U The History of Emergency Management Organizations and Theory, 3
 ESM 541U The Politics of Disaster, 3
 ESM 542U Economic Impacts of Disaster, 3
 ESM 543U Religion in Disaster, 3
 ESM 544U The Law of Disaster, 3
 ESM 549U Comparative International Disasters, 3
 ESM 595U Hazards and Threats for the Future, 3

Students who have taken ESM 305U may not take ESM 505U, and students who have taken ESM 309U may not take ESM 509U.

Degree Requirements

To qualify for the Graduate Certificate in Disaster Science a candidate must complete the curriculum satisfactorily, including the achievement of at least a 3.0 grade point average on all applicable course work and the completion of the curriculum requirements within three years of starting the program.

Note: Students wishing to earn 18 semester hours of Disaster Science courses to meet concentration requirements for university teaching in emergency management or for other reasons may complete six courses listed in the curriculum.

EDUCATION

- EDUC 575U Student Teaching, Elementary (PreK-6), 12
 EDUC 577U Student Teaching, Secondary (6-12), 12
 EDUC 578U Student Teaching, Comprehensive (PreK-12), 12

- EDUC 585U Student Teaching Seminar, 2

All course work must be completed prior to Student Teaching (EDUC 575U, 577U or 578U) and the accompanying Student Teaching Seminar (EDUC 585U).

Passing scores on Praxis I and II are required for admission to the Teacher Licensure Preparation program.

Transfer Courses

Because of the nature of course work in the Teacher Licensure Preparation program, many college courses might not be acceptable for transfer to the Program. All requests to transfer courses into the TLP must include the course description and be submitted to the Director of the Teacher Licensure Preparation program at least four weeks prior to the student beginning the program. No more than two courses, not to exceed six semester hours, may be transferred into the program.

Grade Requirements

A grade point average of 3.0 must be achieved

for completion of the Teacher Licensure Preparation program and before applying for a Virginia teaching license. No more than one “C” grade will be permitted in classes taken for credit in the program at the University of Richmond.

Exit Requirements

All candidates seeking a teaching license in Virginia must complete the Virginia Communication and Literacy Assessment test. Additionally, all candidates for an Elementary Education Teaching License must complete the Virginia Reading Assessment before applying for an elementary education license.

Note: Students who have earned a bachelor's degree from a regionally accredited college or university and desire admission to the Graduate Certificate in Teacher Licensure Preparation may call (804) 289-8427 for an application packet. Students who have not yet earned a bachelor's degree must first apply to the Bachelor of Liberal Arts (BLA) program. These students may apply to the Teacher Licensure Preparation program after earning approximately 50 semester hours towards the BLA.

EMERGENCY SERVICES MANAGEMENT

Bachelor of Applied Studies in Emergency Services Management

With a Minor in Emergency Management, Business Continuity or Homeland Defense On-line Degree Completion Program

Every year natural, man-made and national security disasters and emergencies threaten the safety of communities and their citizens and the productivity of their businesses. Our degrees in emergency services management assist in preparing the student to manage public sector emergency management and private sector business continuity programs in the context of events ranging from routine emergencies to catastrophes. We focus on the integration of emergency management, fire, emergency medical services, law enforcement, business continuity and voluntary agencies in a comprehensive approach to protecting life, property, government and the economy. Minors in Emergency Management, Business Continuity and Homeland Defense give the student an opportunity to specialize in either public or private sector program management. Online courses allow you to work with fellow professionals across the United States in a diverse and experienced student body representing virtually every emergency related discipline.

The degree completion program allows students to complete from 60-64 semester hours of on-line course work toward a Bachelor of Applied Studies in Emergency Services Management with a Minor in Emergency Management, Business Continuity or Homeland Defense.

Selected exceptional students in their senior year as undergraduates can apply for admission to either the Master of Disaster Science or Master of Emergency Management (when separation is completed) degree. Students accepted could enroll for and apply 9 graduate hours of credit to completion of their Bachelor's degree to meet the 120 hour undergraduate requirement. If the student earns a grade of B or higher in a graduate course, that course will also be applied to meet the 33 (MDS) or 36 hour requirements (MEM) of the Master's Degree. See the Admissions section of this catalog or contact the program chair for details.

INFORMATION SYSTEMS

There are two bachelor degrees offered in Information Systems. The Bachelor of Applied Studies in IT Management provides studies in information systems, business, and applied mathematics. The Bachelor of Applied Studies in Information Systems prepares students for careers in information systems with flexibility to take additional courses in liberal arts and other subject areas.

Strong analytical skills are required for the design, implementation and administration of database management systems, e-business applications and networks. Oral and written communication skills, quantitative and analytical abilities are emphasized.

Interdisciplinary courses in law and technology, disaster recovery and other areas expose students to related IT applications.

Up to 30 hours of business courses may be included in the 120 semester hours for the Bachelor of Applied Studies degree. A student may transfer no more than 60 hours into the bachelor degree with a maximum of six semester hours in ISYS courses. (Other information systems transfer courses become elective credits.)

Bachelor of Applied Studies in Information Technology Management

General Education: 30 semester hours

I. Communication Core: 12 semester hours

- ENGL 201U Strategic Reading, 3
- ENGL 202U Advanced Academic Writing, 3
- ENGL 203U Research Process, 3

Accelerated Bachelor of Liberal Arts in Interdisciplinary Studies (Weekend College)

The Accelerated Bachelor of Liberal Arts (Weekend College) is a unique academic program designed to prepare students for successful careers in the commercial, industrial and service sectors of the economy as well as the non-profit world. Students will examine the universe as an integrated whole and will be encouraged to expand their

intellectual and practical horizons. The goal of the program is to promote the growth of effective citizens who bring to life a wider, more holistic perspective on the world around them. Weekend College also responds to the growing need in the corporate arena for leaders who are trained in problem solving and conflict analysis, whose approach to complex matters of business and commerce is less vocational and more sophisticated as well as being vigorously practical.

Weekend College participants take one highly concentrated course at a time. The curriculum consists of ten interdisciplinary six-semester hour courses. Over a two year period, students will complete five courses a year, during fall, spring and summer semesters for a total of 60 semester hours; two courses each fall and spring semester and one six hour course in each May term of summer school.

Students will be organized into component groups who will proceed through the program together. Class meetings will be held on Saturday during the day and on some Friday evenings. There is also a weekly on-line component.

Students entering the program must have earned a minimum of 45–60 transferable semester hours of undergraduate general education courses.

In order to graduate with the Bachelor of Liberal Arts with a major in Interdisciplinary Studies the following requirements must be satisfied:

General Education: 60 semester hours

PARALEGAL STUDIES

Bachelor of Applied Studies in Paralegal Studies

The paralegal (legal assistant) profession is dynamic and growing. The efficient law office of today is incomplete without the prudent use of paralegals, working under the supervision of lawyers. Paralegals generate profitability to law firms, lower bills for clients and cost-effective management of law firms. Indeed, the paralegal profession is a key fixture on the legal services landscape of the 21st Century.

The interdisciplinary BAS in Paralegal Studies is designed for students with specific interest in the paralegal profession, whether they have never worked in a law office before or, are or were once employed in a law office and now desire to upgrade their paralegal skills. For those who aspire to law school, the BAS is also a good pre-law academic experience. The general focus of this program is to develop strong basic legal skills. The curriculum seeks to accomplish this with courses in the paralegal profession, the judicial system, legal research, legal writing and a broad spectrum of other undergraduate classes on practice areas in the law.

Professional ethics is an integral and crucial component of paralegal education and practice. Ethical conduct in the profession is expected and required at all times. Thus, every course in the Paralegal Studies Program demonstrates the ethical

duties, rules, responsibilities and guidelines that are necessary for paralegal practice.

No more than 30 hours of business courses may be included in the 120 semester hours for the Bachelor of Applied Studies degree. A student may transfer no more than 60 hours with a maximum of six (6) semester hours into the major.

This course is designed for teachers to develop language acquisition skills and methodologies that nurture emerging reading and writing abilities of young learners. Emphasis is placed on the critical issue of early intervention for students at-risk for falling behind in the development of reading and comprehension skills and on current research of the developmental nature of reading and writing. Sound educational practices for beginning readers and writers and intervention techniques for children who need support are explored. This course is recommended for professional educators seeking to expand their skills for working with young learners. 3 sem. hrs.

EDUC 550U: Content Area Reading

Reading and critical thinking in secondary content areas. Specific strategies are explored that enhance comprehension, concept development, and vocabulary knowledge. Effects of text organization and relationship between reading and writing are examined for all content areas. 3 sem. hrs.

EDUC 558U: Classroom and Behavior Management

Behavioral principles and procedures for reducing classroom problems, increasing motivation, and strengthening desired classroom behavior. 3 sem. hrs.

EDUC 560U: Behavior Is Language

This course is an interactive computer-based instruction (CBI) course designed to give you a new perspective on student behavior and effective tools for facilitating positive student change. The course

provides a developmental framework for understanding what students are trying to tell you through the “language” of their behavior. The course teaches behavioral techniques and intervention strategies that remediate disruptive behaviors, reduce power struggles while increasing classroom control and reduce your workloads and burnout. This program helps you, as well as students, find creative, effective solutions to behavioral problems. 3 sem. hrs.

EDUC 565U: Foundations and Legal Aspects of Special Education

This is an introductory course that provides an overview of the nature and educational implications of serving students with disabilities and emphasizes the legal aspects of special education at national, state, and local levels. Relevant legislation associated with the identification, education and evaluation of students with disabilities will be included in this foundations course. 3 sem. hrs.

EDUC 598U: Selected Topics. 3 sem. hrs.

Emergency Services Management (ESM)

ESM101U When Disaster Strikes - Introduction to Emergency Management and Homeland Security/Summer Scholars

This course presents a detailed view of the knowledge set required for local governmental emergency managers in dealing with disasters. Note: Open only to pre-accepted Summer Scholars students. 4 sem. hrs.

ESM 199U Emerging Knowledge and Technology in Emergency Services

Offered at selected major emergency services educational conferences to provide students exposure to new and developing theories, practices and technology in the emergency services. Students who complete a minimum of 15 hours in conference presentations document their learning in a reflective workbook. Completion of the workbook provides insights into the most effective ways to learn from professional symposia. 1 sem. hr.

ESM 300U Integrated Emergency Services in the Community.

Basic overview of roles and functions of emergency services. Explores major issues in their management. 3 sem. hrs.

ESM 301U Technologies for Emergency Management.

Explores how to select, implement, manage and employ technology systems (including Internet applications) to increase the effectiveness of incident detection and location, response management

and recovery. Prerequisite: Information Systems 203U. 3 sem. hrs.

ESM 302U Emergency Planning

Exposes students to basic emergency planning concepts at federal, state, local and business level. Also introduces students to design and use of exercises to test and refine plans. 3 sem. hrs.

ESM 303U/503U Research Practicum

Introduction to formal research in emergency services, including guided research project. 3 sem. hrs.

ESM 304U Current Issues in Emergency Services Management

Examination of current issues in field, such as volunteers, emergency communications, grants and fund raising, staffing levels, etc. Prerequisite: Emergency Services Management 300U or permission of ESM Academic Program Director. 3 sem. hrs.

ESM 305U/505U Disasters: Characteristics and Physical Impacts

Overview of characteristics of disasters, their impact on population, infrastructure and economy and disaster management cycle. 3 sem. hrs.

ESM 306U Law and Ethics for the Emergency Services Manager

Current legal principles and ethical issues which impact emergency services, including both provision of care and services and management of service. 3 sem. hrs.

ESM 307U Managing Emergency Operations

Covers management of complex emergency operations in field using incident management systems and role of emergency operations centers in directing disaster response. 3 sem. hrs.

ESM 308U Terrorism

Examines political basis for terrorism and identifies potential motivations of terrorists and their operational implications. Explores terrorist weapons and tactics. Discusses courses of action for terrorism prevention, detection and response. 3 sem. hrs.

ESM 309U/509U Social Dimensions of Disaster

Examines how populations respond to disasters including such areas as response to warnings, evacuation reactions and looting. Suggests strategies for management of formal and emergent organizations and disaster stressors on individuals, organizations and groups. Discusses development of effective programs for management of community change to increase disaster resistance. 3 sem. hrs.

ESM 310U Business Continuity Planning

Explores the role, organization and management of business continuity planning in surviving the impact of disaster, continuing to operate to serve clients or customers and rapidly recovering to full operations. 3 sem. hrs.

ESM 311U Advanced Planning Practicum

Focus on complete planning process for an organization or community resulting in the drafting of a complete agency or jurisdiction emergency operations plan or business continuity plan. Prerequisite: ESM 302U or instructor permission. 3 sem. hrs.

ESM 312U Emergency Management Systems and Theory

Examines the structure and missions of local, state, national and international emergency management agencies and their relationship with public safety and voluntary organizations and other government departments. Relates structure and processes to legal requirements for disaster management. Discusses current theoretical approaches to disasters and to emergency management program management. Based on structure, legal requirements and theory, suggests courses of action for effective local program management. 3 sem. hrs.

ESM 313U Disaster Exercises

Examines the role of disaster exercises and tests in an emergency management or business continuity program and addresses how to design and conduct exercises for training and for evaluation. Identifies strategies for use of lessons learned to improve operations and teaches principles of management of an exercise program. 3 sem. hrs.

ESM 314U Defending Communities—Integrating Mitigation, Preparedness and Recovery

The integration of mitigation, preparedness and recovery activities is critical to protecting communities from disaster impacts. Addresses value of each phase of emergency management and discusses strategies for effective plans and linkages in building community disaster resistance. 3 sem. hrs.

ESM 315U Business Continuity Program Management

Addresses management of business continuity programs and activities in both the corporate and public sector environments. Discusses components of a business continuity program and their relationships to the overall enterprise. Identifies the role of business continuity as a key component of strategy and highlights areas of concern in ensuring a business

continuity program supports the entire organization in its response to disaster. 3 sem. hrs.

ESM 316U Information Technology Disaster Recovery

Information technology applications now routinely handle hundreds of millions of dollars in commerce in large corporations. Addresses the issues of information technology risk and examines the technical alternatives to protect critical data and information services from loss or disruption in disasters. 3 sem. hrs.

ESM 317U Risk, Hazard and Impact Analysis

Identification of the impacts of disaster events is critical to understanding how an organization can survive the impact and continue to operate. Examines the business impact analysis process, how to manage it and how to use the analysis as the first step in continuity plan development. 3 sem. hrs.

ESM 318U Weapons of Mass Destruction

Nuclear, biological and chemical weapons offer both terrorists and rogue states a powerful selection of tools to swing the correlation of forces in their direction. Understanding range and characteristics of these weapons, how they are most effectively employed and potential impacts are critical to defending communities against them. Provides detailed look at history, capabilities and tactics and explores options available to both attacker and defender. 3 sem. hrs.

ESM 319U Writing for Decisions

Scenario-based course encouraging students to develop skills in identifying information requirements for decision making, analyzing the ways information can be presented, identifying outside factors that influence how communications are perceived and selecting the right format for the message. 3 sem. hrs.

ESM 321U Crisis Communications

Overview of the strategies, tactics and tools needed to identify audiences for crisis communications, select the appropriate media, method and time table for communications and frame the message for maximum positive impact. Identification of hostile agendas and methods for reducing the effectiveness of media driven campaigns against the organization will also be addressed. 3 sem. hrs.

ESM 322U Emergency Operations Center Design, Management and Operations

This course examines how emergency operation centers are designed, organized, managed and operated to coordinate responses during a disaster.

3 sem. hrs.

ESM 323U Protecting the Responder: Managing Safety and Health During Emergency Response

This course explores occupational safety, health regulatory requirements and management aspects necessary for the successful protection of first responders and disaster sister workers. Issues specific to private sector, non-governmental and volunteer organizations including all branches of public emergency response will be addressed. 3 sem. hrs.

ESM 331U Homeland Defense Policy and Programs

Describes evolution of homeland defense as policy, programmatic and organizational issue. Identifies current policies and programs, suggests evaluation measures and assesses their effectiveness against potential threats. Examines role of governmental and voluntary citizen organizations in creating an effective homeland defense. 3 sem. hrs.

ESM 350U Externship

Basis for student's entry into the emergency management workforce as a recognized professional. Through development of a professional portfolio, certification, professional training series completion, active participation in professional organizations and a professional reading program, the student develops and reflects on specific skills and knowledge required by working emergency managers. New students should enroll in this course immediately upon acceptance and declaration of the major, as it is designed to take two or more years to complete. 3 sem. hrs.

ESM 351U-352U Internships in the Emergency Services

Provides student opportunity to learn from significant new work or volunteer experiences in emergency services. Students complete a minimum of 250 hours of work in the internship setting with focus on performing management or staff duties appropriate to operation of the organization. Demonstrates ways students can evaluate and document their own learning on the job. Prerequisite: Completion of half of degree and 18 hours of ESM course work. 3-3 sem. hrs.

ESM 355U Management by Fact

When faced with a critical decision how do you separate fact from fantasy, determine what is relevant to your problem and decide when you have enough information to make a choice? Examines the critical analysis of information and its use as the basis for administrative and operational decision making. 3 sem. hrs.

ESM 398U Selected Topics

1-6 sem. hrs.

ESM 399U Independent Study

1-6 sem. hrs.

ESM 401U Honors Directed Research

Supervised research on topics of significance in the field. Topics are required to have a significant theoretical component. Completion of the research could result in an article acceptable for publication. Prerequisite: Approval of the Program Director. 3 sem. hrs.

ESM 495U/595U Hazards and Threats for the Future

Examines the future of disasters and their management in the context of long-term political, environmental, technological, economic and social change. Identifies current methods for futures analysis and provides a framework for developing tools and resources to design future missions and strategies for professionals in both emergency management and business continuity and their organizations. Develops an understanding of the relationships of vision to the future and relates that to the department of programs to protect lives, property and the environment at any level. Prerequisite: For undergraduates, completion of required core and focus courses. 3 sem. hrs.

ESM 499U Post-Baccalaureate Practicum

This practicum is an integrated directed study in the subject of the certificate program. Under the supervision of a faculty member, students will explore a common theme present in three or more of their courses through preparation of either a professional significant project or a major paper suitable for

professional use. 1 sem. hr.

ESM 503U Research Practicum

Introduction to formal research in emergency services, including guided research project. 3 sem. hrs.

ESM 505U Disasters, Characteristics and Physical Impacts

Overview of characteristics of disasters, their impact on population, infrastructure, and economy, and disaster management cycle. 3 sem.hrs.

ESM 509U Social Dimensions of Disasters

Examines how populations respond to disasters, including such areas as response to warnings, evacuation reactions, and looting. Suggests strategies for management of formal and emergent organizations and disaster stressors on individuals, organizations, and groups. Discusses development of effective programs for management of community change to increased disaster resistance. 3 sem. hrs.

ESM 539U Professional Seminar

An introduction to writing, reading, basic statistics, research, and critical thinking at the graduate level for students returning to college after an extended absence. 3 sem. hrs.

ESM 540U The History of Emergency Management Organizations and Theory

Will examine how organizations have evolved to protect people, infrastructure and the environment from war and disasters and how changes in organization and threat have related to changes in the theory of how to respond to such events. 3 sem. hrs.

ESM 541U The Politics of Disaster

ESM 543U Religion in Disaster

Examines the role of disasters in shaping religious beliefs, how modern religions transmit memories of ancient disasters and the role of religion in preparing for, responding to and recovering from disaster events. 3 sem. hrs.

ESM 544U The Law of Disaster

Examines the structure and sources of national and international law and identifies major trends affect-

ing both. Case studies will be used to examine significant incidents and their legal outcomes. Students will be presented with sources and methods for research applicable to disaster laws and the impact of law on governmental service delivery. 3 sem. hrs.

**ESM 546U-547U Concentration I–
Concentration II**

Review of current literature, theory, management practices and evolving issues of a particular area of professional application. Comparison with other disaster management disciplines. Areas of concentration may include governmental emergency management, business continuity, health care contingency planning and voluntary agency disaster response. Prerequisites: ESM 546U is prerequisite to ESM 547U. 3-3 sem. hrs.

ESM 548U Thesis

Individual research and writing of a thesis representing original research in the field of disaster science under the supervision of a director and two committee members from the SCS graduate studies faculty. 6 sem. hrs.

**ESM 549U Comparative Disasters in the
International Environment**

Examines the vulnerabilities of the developing world to catastrophes, the role of serial disasters on a global scale and how we deal with events. Challenges common assumptions about disasters and encourages students to think in new ways about classifications and impacts. 3 sem. hrs.

**ESM 560U Sources of Knowledge: How to
Understand and Apply Research and the
Sciences to Disaster Problems**

Students will read, evaluate and apply research findings to identify shortfalls in knowledge that may produce areas for further study. Note: Open to Master of Emergency Management students only. 3 sem. hrs.

**ESM 561U Managing Governmental
Organizations**

This course addresses the interplay of organization, legislation, staffing, budget, politics and emergency management with governmental culture. Note: Open to Master of Emergency Management students only. 3 sem. hrs.

Information Systems (ISYS)

ISYS 101U Online Learning and Teaching

Intensive short course that explains in depth the software and technology used in the university's online courses. Discusses how changes in learning methods and styles relate to changes in the way we work, addresses intellectual property issues and examines the future of online learning. Strongly recommended for students with no previous online course experience. 1 sem. hr.

ISYS 198U Selected Topics

1-3 sem. hrs.

ISYS 201U Software Tools

Application of basic and advanced software features for research papers, advanced documents, oral presentations, web page design, and data analysis and reporting in an academic or business environment. Each student will select three of the following software tools for customized and comprehensive study during the semester: Microsoft Word, PowerPoint, Excel and other software tools for photos and publishing. Computer assignments required. 3 sem. hrs.

ISYS 202U Software Tools for Data Management and Analysis

For experienced personal computer users. Helps develop skills in data organization, analysis and reporting, using spreadsheet and database soft-

ware. Use Microsoft Excel to format data, use calculations and functions, perform basic statistics and produce customized graphs and charts for reports. Use Microsoft Access to build multi-table databases with input forms, queries and reports. Prerequisite: ISYS 201U or equivalent proficiency is recommended. Computer assignments required. 3 sem. hrs.

ISYS 203U Collaborative Technologies

The application of information technologies in organizations to work collaboratively, facilitate decision-making and achieve competitive advantage. Use of Multimedia, storage, and mobile devices, networks, databases, and collaborative Internet technologies supporting work and academics. Computer assignments required. 3 sem. hrs.

ISYS 204U Hardware and Operating Systems

Study of computer systems hardware and operating systems. Includes overview of digital logic, basics of large-scale and very large-scale integration and components necessary to create a functioning computer. Operating systems reviewed from primitive functions and inter-process communications through basic program loading, task control and input/output operations. Computer assignments required. Prerequisite-sites: ISYS 203U, MATH 103U or equivalent. 3 sem. hrs.

ISYS 205U Problem Solving with Programming

Computer programming concepts applicable to any programming language. Development of analytical and problem-solving skills for programming. Includes top-down design and building blocks of structured programming. Introduces the Java programming language and object-oriented concepts. Lecture, lab and online assignments. 4 sem. hrs.

ISYS 301U Telecommunications

Foundation knowledge in computer connectivity concepts, data communication standards, telecommunication methods and serial data communication. Topics include: asynchronous and synchronous data transmission; modems, OBI model, PC communication hardware and software, telephone systems, wide area networks and introduction to local area networks. Prerequisite: ISYS 204U. 3 sem. hrs.

ISYS 302U Local Area Networks

Concepts of shared media local area networking including Ethernet, Token Ring and Fiber Distributed Data Interface (FDDI). Topics include

LAN definition, use, topology, media, standards, network interface cards (NIC), protocols (layer 2, 3, 4), repeaters, hubs, bridges, switches and routers. Discussions include network design, design rules, administration, management and TCP/IP. Students present research projects on various networking topics. (Internet access required for current technology research.) Prerequisite: ISYS 204U. 3 sem. hrs.

ISYS 303U IT Security

Computer and network security threats, prevention and response from technology and management perspectives. Development of security plans and architectures reflecting organizational requirements. Prerequisites: ISYS 302U or LAN background/experience. 3 sem. hrs.

ISYS 306U Systems Analysis and Design

Methods and techniques necessary for conducting systems project from preliminary investigation of project through system implementation and evaluation. Includes participation in one or more systems design projects. Prerequisites: ISYS 203U. 3 sem. hrs.

ISYS 307U Information Technology Evaluation and Selection

Guidelines and techniques for selection of computer hardware and software. Methods of system performance evaluation, vendor selection and development of system support requirements for both hardware and software from management perspective as well as information systems professional. Prerequisite: ISYS 204U. 3 sem. hrs.

ISYS 311U Database Design

Logical and physical design of database systems: rules of normalization in data modeling, SQL programming and physical design issues impacting the I/O performance of commercial-level databases. Oracle relational database platform. Computer assignments required. Prerequisites: ISYS 202U, or equivalent, and ISYS 204U. (ISYS 306U is also recommended.) 3 sem. hrs.

ISYS 351U Web Design and Development

Focus on planning and development of Web sites using proper design techniques, with design elements such as page layouts, graphics, color, lists, tables, frames, formatting, links, simple CSS styles, templates and basic forms. Topics include graphic techniques and editing/modification of digital pictures. HTML coding, Dreamweaver MX and Java applets will be used to develop a website. 3 sem. hrs.

ISYS 352U Web Design and Development with Scripting

Use advanced CSS styles, VBScript and JavaScript for designing and creating dynamic and interactive Web sites. Code mouse rollovers, HTML form validation and verification, client/server-side scripts with programming elements like variables, loops, arrays, if statements, functions and string manipulation. Topics include advanced multimedia, virtual reality concepts, web font control and database connectivity using Dreamweaver and FrontPage database components. Dreamweaver MX, Microsoft FrontPage and Access are used. Prerequisites: ISYS 202U, ISYS 203U and ISYS 351U, or equivalent preparation in both Web design and database. 3 sem. hrs.

ISYS 353U Advanced Tools for Web Development

Contemporary advanced tools for web design and development. Prerequisite: ISYS 351U or equivalent proficiency. Note: Maximum of 6 semester hours; repeatable. 3 sem. hrs.

Note: ISYS courses numbered 355U and higher require completion of all math requirements as well as all business and ISYS core courses for the major.

ISYS 355U Computer Programming in Java

Concepts of structured and object-oriented programming, including data types, control structures, functions, arrays, strings, file operations, classes and inheritance. Emphasis on effective programming skills to promote software reusability, reliability and maintainability. Windows environment. Prerequisite: ISYS 204U and MATH 260U or higher, or permission of the instructor. Note: Lecture, lab and online assignments. 4 sem. hrs.

ISYS 356U Advanced Computer Programming in Java

Algorithm development and object-oriented concepts are expanded to develop applications, taking advantage of the Java Applications Programming Interface class libraries. Graphical User Interface (GUI) programs, exception handling, handling files and data streams, network connectivity, string handling and exception handling. Prerequisite: ISYS 355U. Lecture, lab and online assignments. 4 sem. hrs.

ISYS 360U Electronic Commerce on the Internet

Examines strategic uses of electronic commerce from a managerial perspective and technology solutions such as e-commerce applications, Web

services, and e-business messaging, Prerequisites: ISYS 203U. 3 sem. hrs.

ISYS 388U Internship in Information Systems: Applied Experiences in Information Systems in a Company Setting

For ISYS majors or minors; must have 12 credit hours completed in Information Systems course at ISYS 202U or higher, including at least six credits in 300-level ISYS courses; GPA 3.0 in Information Systems major, 2.75 overall. Students may receive credit for only one internship while enrolled in the School of Continuing Studies. Departmental permission required. 3 sem. hrs.

ISYS 398U Selected Topics

1-6 sem. hrs

ISYS 399U Independent Study

1-6 sem. hrs.

ISYS 450U Project Management

Practical and theoretical foundation for IT project management. Concepts and techniques for evaluating project proposals as well as managing technical and behavioral aspects of systems development projects. Project planning and estimation, scheduling, staffing and teamwork, costing and budgeting, managing change. Use of computerized tools (Microsoft Project and Excel) for project management, resource tracking and reporting. Prerequisite: ISYS 306U. 3 sem. hrs.

ISYS 490U Managing in an Information Age

Capstone course with an in-depth look at how organizations cope with the challenges of management in an information age. Using the case study method, management issues related to the internet, electronic commerce, information for competitive advantage, design and management of IT architecture and approaches to IT implementation are explored. Prerequisite: Completion of all business and all other Information Systems courses in the major are required. Departmental permission required. 3 sem. hrs.

ISYS 499U Research in Information Systems

Guided formal research in the field of information systems, including development of the research proposal, literature review, selection of methodology, data collection, analysis and written report.

Preparation for comprehensive professional projects and for transition to graduate studies. Prerequisites: 6 semester hours of ISYS courses must be completed before this course. Departmental permission required. 3 sem. hrs.

Interdisciplinary Studies (IDST)

IDST 301U The Realm of Ideas I: Context and Chronology
