Welcome to OLLI!

Established in 2004 at the University of Richmond School of Continuing Studies, the Osher Lifelong Learning Institute operates through the support of its members, the University of Richmond, and through an endowment from the Bernard Osher Foundation of San Francisco. We offer intellectual stimulation and civic engagement in a community of lifelong learners, age 50 and better.

Rediscover your love for learning. And do it all on the beautiful University of Richmond campus. We offer an extensive array of courses in the liberal arts in the fall, spring and summer semesters. The offerings are a combination of undergraduate credit courses for audit, special interest mini-courses, free lectures, community service projects, and more. There are no entrance requirements, no tests and no grades. In fact, no college background is needed at all—it's your love of learning that counts.

If you're 50 or better with a curious mind and a keen interest in learning, we'd love for you to join us.

OLLI Leadership Opportunities

Members of the Osher Lifelong Learning Institute are invited to participate as leaders in many aspects of the Institute and the UR Community. OLLI members who engage as leaders expand their OLLI experience in and beyond the classroom by leading OLLI classes, serving on committees and more. OLLI Advisory Council

SCIENCE

Fox Island and Chesapeake Bay Field Exploration

(lecture, discussion, activity)

NEW! This residential program marks the seventh Chesapeake Bay and watershed field exploration for the Osher Institute. The popularity of these programs lies in the exceptional hands-on opportunities for learning about our fragile environment. We will travel by ferry to the Fox Island Study Center. Built in 1929 as a hunting and fishing lodge, the center is surrounded by the waters of Tangier and Pocomoke Sounds in Virginia. Fox Island's location, history, and simplicity make it truly magical. Extensive wetlands, underwater grass beds and oyster reefs will be easily explored on foot and by canoe and workboat. Please note these special conditions for this program: Housing is dormitory style and we will prepare, eat and clean up for our meals as a group; conditions of the island are remote and we will practice water conservation techniques including no showers during the program; there is little or no cell phone service, however land phones are available for emergency calls in and out.

Leaders: Chesapeake Bay Foundation Educators

Dates: 3 days and 2 nights in May 2010; exact dates will be confirmed in early Dec. 2009 and available online at www.scs.richmond.edu/osher and from Osher office at 287-6608
