Plunging into online learning.

A MEMBERSHIP PROGRAM FOR PEOPLE 50 AND BETTER • OSHER.RICHMOND.EDU
“The only way to make sense out of change is to plunge into it, move with it, and join the dance.” — Alan Wilson Watts

Sometimes, we don’t have any option but to plunge in! Haven’t we done this in 2020? This spring and summer have been clear evidence of this. Osher staffers walked away from their campus offices on March 17th to begin working remotely. All of us have plunged into the new world of online learning and zooming. We have all learned so much and made changes we never imagined.

We are incredibly grateful that Osher members have moved with us and joined the dance. We have all had to learn some brand new steps! You have signed up for online classes, and you’ve perfected joining them via Zoom. Our instructors have been amazing in their commitment and determination to create quality online experiences for Osher members.

Our new skills and learning experiences will continue this fall, as we will stay online with all Osher courses. The University appropriately is focusing on its degree-seeking undergraduate and graduate students. Housing, feeding, and educating students in a safe environment will be an extraordinary challenge this fall. We believe that it is best for our Osher members to remain off campus and out of classrooms for a while yet.

Changes are also evident in this printed catalog. Per your feedback and as promised, we have included the course instructors and narratives. We are focusing exclusively on our fall courses in this condensed catalog in order to streamline the work and reduce costs. Much of the additional content, such as information on library services, performing arts events, and Osher interest groups, will be featured in other print and web-based materials.

Many thanks to you for completing our 2020 Membership Survey. This year, we had the greatest response rate ever – 465 responses, which is a 47% rate of return. You all had thoughtful remarks, suggestions, and ideas. We look forward to analyzing the data and reporting back to you with what we hope will be appropriate changes and adjustments, grounded in this information.

We are truly grateful for your continued support of the Osher Institute. We love what we do, and we do it for you! These have been crazy, perhaps lonely, even scary months for all of us, and we hope that our online resources, happy hours, classes, and special events have brought diversion, learning, and joy to your days at home.

Nothing can take the place of our face-to-face encounters, and we look forward to the days when we can be back together on campus, in classrooms, and with one another. For now, we are thankful that you’ve taken the plunge and joined the dance!

Tick Tock: The Clock Rules

NEW This examination of Time explores how motion is the passing of time in a space-time continuum. Time flows at a different speed in different places; the past and the future differ far less than we think. The notion of the present evaporates in the vast universe. Past-Present-Future is an Illusion. The Past is not gone, and the future is here now. Everything that has happened or will happen all exists now.

Advance Care Planning: It’s About the Conversation

**Aw BACK BY POPULAR DEMAND** What if a serious sudden medical illness or injury left you in a condition where you were unable to communicate your wishes? Under those circumstances, who would you want to represent you as your decision maker? What would you want your decision maker to know about your wishes? Advance Care Planning (ACP) is a process by which you address these questions and consider health care choices. ACP emphasizes the importance of sharing your wishes with your doctors and loved ones as a gift to them as well as yourself.

The 2020 Osher Annual Fund Campaign is Underway!

As part of the university, Osher now participates in multiple fundraising campaigns, including the Osher Annual Fund, currently underway, as well as the UR Here Campaign on Giving Day this past May. All gifts made to Osher during any campaign count towards our 2020 Osher fundraising goals of $25,000 from approximately 18% of our membership.

As in past years, funds are being raised to support our long-term sustainability and special events and programming. COVID-19 has certainly impacted programming the last five months. As Osher staff continues to develop online programming, we are thankful many existing Osher members have renewed their memberships and are actively participating with Osher and with each other virtually. However, Osher’s financial state has been adversely affected by the COVID-19 pandemic as fewer new members have joined, refunds were issued for canceled courses and events, and potential income was lost from trips and travel opportunities. Though we have been able to save some costs on printing, many programming, personnel, and operational costs remain the same.

Some members have asked how they can help Osher financially during COVID-19. If you are in a position to support Osher at this time, please consider a gift today. Remember $300 in charitable gifts are tax deductible per person in 2020, even if you take the standard deduction and do not itemize your tax deductions. Gifts from traditional IRAs often create win-win scenarios for both the donor and for Osher.

If you have gift giving questions, please contact Amy Edwards at aedwards@richmond.edu. We are working remotely so please consider making your gift online through the Osher website (osher.richmond.edu/give) or mailing a check directly to University Advancement with Osher in the memo line (University of Richmond, Attn: University Advancement, Maryland Hall, 110 UR Drive, University of Richmond, VA 23173).
